INFORMATION ABOUT THE MEETING

When is the Annual Meeting?

The Annual Meeting will be held on Wednesday, May 8, 2013, at 8:30 a.m. (Eastern Time).

Where will the Annual Meeting be held?

The Annual Meeting will be held at the Raleigh Marriott Crabtree Valley, 4500 Marriott Drive, Raleigh, North Carolina 27612.

What items will be voted on at the Annual Meeting?

There are four matters scheduled for a vote:

1. To elect eight directors to serve for one year and until their successors have been duly elected and qualified (Proposal No. 1);
2. To approve a proposal to authorize the Company, pursuant to approval of its Board of Directors, to sell shares of its common stock or warrants, options or rights to acquire its common stock during the next year at a price below the Company's then current net asset value (i.e., book value) per share (Proposal No. 2);
3. To approve a proposal to amend the number of shares of our common stock that may be granted annually, pursuant to approval of our Board of Directors, to non-employee directors under the Amended and Restated 2007 Equity Incentive Plan (or the Equity Incentive Plan), a copy of which is attached hereto as Appendix A (Proposal No. 3); and
4. To approve the business criteria for awards pursuant to Section 162(m) of the Internal Revenue Code of 1986, or the Code (Proposal No. 4).

As of the date of this proxy statement, we are not aware of any other matters that will be presented for consideration at the Annual Meeting.

What are the Board of Directors' recommendations?

Our Board of Directors recommends that you vote:

"FOR" the election of each of the eight nominees named herein to serve on the Board of Directors;

"FOR" the proposal to authorize the Company, pursuant to approval of its Board of Directors, to sell shares of its common stock or warrants, options or rights to acquire its common stock during the next year at a price below the Company's then current net asset value (i.e., book value) per share;

"FOR" the proposal to amend the number of shares of our common stock that may be granted annually, pursuant to approval of our Board of Directors, to non-employee directors under the Equity Incentive Plan; and

"FOR" the proposal to approve the business criteria for awards pursuant to Section 162(m) of the Code.

Will Triangle's directors be in attendance at the Annual Meeting?

We encourage, but do not require, our directors to attend annual meetings of stockholders. However, we anticipate that all of our directors will attend the Annual Meeting.

INFORMATION ABOUT VOTING

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, March 1, 2013, are entitled to receive notice of the Annual Meeting and to vote the shares for which they are stockholders of record on that date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting. As of the close of business on March 1, 2013, we had 27,534,798 shares of common stock outstanding.

Stockholders of Record: Shares Registered in Your Name. If, on March 1, 2013, your shares were registered directly in your name with Triangle's transfer agent, Computershare Limited, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy.

Beneficial Owners: Shares Registered in the Name of a Broker or Bank. If, on March 1, 2013, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

How do I vote?

With respect to Proposal No. 1 (election of directors), you may either vote "**FOR**" all the nominees to the Board of Directors, or you may vote "**WITHHOLD AUTHORITY**" for all nominees or for any nominee you specify. With respect to Proposal Nos. 2, 3 and 4 you may vote "**FOR**" or "**AGAINST**," or "**ABSTAIN**" from voting altogether. The procedures for voting are set forth below.

Stockholders of Record: Shares Registered in Your Name. If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card. **Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or to give your proxy authorization to ensure your vote is counted.** You may still attend the Annual Meeting and vote in person if you have already voted by proxy or given your proxy authorization.

- To vote in person, come to the Annual Meeting, and we will give you a ballot when you arrive.
- To vote using the enclosed proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the postage paid envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owners: Shares Registered in the Name of a Broker or Bank. If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Triangle. You should follow the instructions provided by your broker, bank or other agent regarding how to vote your shares. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. To do this, follow the instructions from your broker, bank or other agent included with these proxy materials or contact your broker, bank or other agent to request a proxy card.

You may receive more than one proxy statement and proxy card or voting instruction form if your shares are held through more than one account (e.g., through different brokers or nominees). Each proxy card or voting instruction form only covers those shares of common stock held in the applicable account. If you hold shares in more than one account, you will have to provide voting instructions as to all your accounts to vote all your shares.

How many votes do I have?

For each proposal to be voted upon, you have one vote for each share of common stock that you own as of the close of business on March 1, 2013.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted: **“FOR”** the election of each of the eight nominees named herein to serve on the Board of Directors; **“FOR”** the proposal to authorize the Company, pursuant to approval of its Board of Directors, to sell shares of its common stock or warrants, options or rights to acquire its common stock during the next year at a price below the Company’s then current net asset value (i.e., book value) per share; **“FOR”** the proposal to approve the amendment to our Equity Incentive Plan relating to the number of shares of our common stock that may be granted annually to non-employee directors thereunder; and **“FOR”** the proposal to approve the material terms of the business criteria to be used for the vesting of restricted stock awards to satisfy the requirements for Section 162(m) of the Code. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares as recommended by the Board of Directors or, if no recommendation is given, will vote your shares using his or her discretion.

Can I change my vote after submitting my proxy card?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy bearing a later date which is received by the close of business on May 7, 2013 (the day before the Annual Meeting);
- You may send a written notice which is received by the close of business on May 7, 2013 that you are revoking your proxy to Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612, Attention: Steven C. Lilly, Corporate Secretary; or
- You may attend the Annual Meeting and notify the election officials that you wish to revoke your proxy and vote in person. However, your attendance at the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your brokerage firm, bank, dealer or other similar organization as a nominee or agent, you should follow the instructions provided by your broker, bank, custodian, nominee or other record holder in order to revoke your voting instructions.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count (i) **“FOR”** and **“WITHHOLD AUTHORITY”** votes for Proposal No. 1 and (ii) **“FOR,” “AGAINST”** and **“ABSTAIN”** with respect to Proposal Nos. 2, 3 and 4. A broker non-vote occurs when a nominee, such as a brokerage firm, bank, dealer or other similar organization, holding shares for a beneficial owner, does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner. In the event that a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a brokerage firm, bank, dealer or other similar organization, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. **Under applicable rules of the New York Stock Exchange, or the NYSE, each of Proposal Nos. 1 (election of directors), 2 (issuing shares below net asset value), 3 (amending the number of shares of common stock that may be granted to non-employee directors under our Equity Incentive Plan), and 4 (approving the business criteria for awards pursuant to Section 162(m) of the Code) is a non-routine Proposal. Since none of the proposals to be voted on at the Annual Meeting are routine matters, the broker or nominee that holds your shares will need to obtain your authorization to vote those shares and has enclosed a voting instruction form with this proxy statement. The broker or nominee will vote your shares as you direct on their voting instruction form so it is important that you include voting instructions.**

Abstentions will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual Meeting.

How many votes are needed to approve each proposal?

- For Proposal No. 1 (election of directors), the vote of a plurality of all of the votes cast at the Annual Meeting at which a quorum is present is necessary for the election of a director. Therefore, the eight nominees receiving the most “**FOR**” votes, among votes properly cast in person or by proxy, will be elected. If you vote “**WITHHOLD AUTHORITY**” with respect to one or more nominees, your shares will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.
- To be approved, Proposal No. 2 (authority to issue shares of common stock or warrants, options or rights to acquire its common stock below net asset value, subject to certain conditions) must receive “**FOR**” votes from (1) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting and (2) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting which are not held by affiliated persons of the Company. With respect to Proposal No. 2 only, Section 2(a)(42) of the Investment Company Act of 1940, or the 1940 Act, defines “a majority of the outstanding shares” as the lesser of: (1) 67% or more of the common stock of the Company present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the Company's common stock are present or represented by proxy; or (2) more than 50% of the outstanding common stock of the Company.
- For Proposal No. 3 (amend the number of shares of common stock we are able to grant to non-employee directors under our Equity Incentive Plan), a majority of “**FOR**” votes cast on the proposal is required for the approval of Proposal No. 3, provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on Proposal No. 3. For purposes of the vote on Proposal No. 3, abstentions will have the same effect as votes against the proposal unless holders of more than 50% in interest of all securities entitled to vote on the proposal cast votes in which event abstentions will not have any effect on the result of the vote.
- For Proposal No. 4 (approve the business criteria pursuant to Section 162(m) of the Code), a majority of “**FOR**” votes cast on the proposal is required for the approval of Proposal No. 4.

How many shares must be present to constitute a quorum for the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are represented by stockholders present at the Annual Meeting or by proxy. On March 1, 2013, the record date, there were 27,534,798 shares outstanding and entitled to vote. Thus, 13,767,399 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions will be counted towards the quorum requirement.

If a quorum is not present at the Annual Meeting, or if a quorum is present but there are not enough votes to approve one or more of the proposals, the person named as chairman of the Annual Meeting may adjourn the meeting to permit further solicitation of proxies. A stockholder vote may be taken on one or more of the proposals in this proxy statement prior to any such adjournment if there are sufficient votes for approval on such proposal(s).

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting and filed on a Current Report on Form 8-K within four business days of the Annual Meeting. Final results, if different from the preliminary voting results, will be published on an amended Current Report on Form 8-K within four days after the final voting results are established.

ADDITIONAL INFORMATION

How and when may I submit a stockholder proposal for Triangle's 2014 Annual Meeting?

Our annual meeting of stockholders generally is held in May of each year. We will consider for inclusion in our proxy materials for the 2014 Annual Meeting of Stockholders, stockholder proposals that are received at our executive offices, in writing, no later than 5:00 p.m. (Eastern Time) on December 22, 2013, and that comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and our Third Amended and Restated Bylaws, or our Bylaws, a copy of which is on file with the Securities and Exchange Commission, or the SEC, and may be obtained from our Corporate Secretary upon request. Proposals must be sent to our Corporate Secretary at Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612.

In addition, any stockholder who wishes to propose a nominee to the Board of Directors or propose any other business to be considered by the stockholders (other than a stockholder proposal to be included in our proxy materials pursuant to Rule 14a-8 of the Exchange Act) must comply with the advance notice provisions and other requirements of our Bylaws. These notice provisions require that nominations of persons for election to the Board of Directors and proposals of business to be considered by the stockholders for the 2014 Annual Meeting of Stockholders must be made in writing and submitted to our Corporate Secretary at the address above no earlier than November 22, 2013 and no later than December 22, 2013. We advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event that our 2014 Annual Meeting of Stockholders is held before April 8, 2014 or after June 7, 2014. In accordance with our Bylaws, the chairman of the 2014 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting.

If a stockholder is recommending a candidate to serve on the Board of Directors, the recommendation must include all information specified in our Bylaws, including the following:

1. Information as to each individual whom the stockholder proposes to nominate for election or reelection, including all information relating to the candidate that would be required to be disclosed in connection with the solicitation of proxies for the election of the candidate as a director in an election contest (even if an election contest is not involved), or would otherwise be required in connection with such solicitation, in each case pursuant to Regulation 14A (or any successor provision) under the Exchange Act and its rules (including the candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

2. As to the stockholder giving the notice, any candidate and any stockholder associated person (a "stockholder associated person") is a person who acts in concert with the stockholder giving notice, owns Triangle's securities with such stockholder (other than a stockholder that is a depository) or directly or indirectly controls, or is controlled by, or is under common control with such stockholder:

- the class, series and number of all shares of stock or other securities of Triangle or any of its affiliates, which are owned (beneficially or of record) by such stockholder, candidate or stockholder associated person;
- the date on which each security of Triangle was acquired and the investment intent of such acquisition, and any short interest (including any opportunity to profit or share in any benefit from any decrease in the price of such stock or other security) in any stockholder associated person of any such person;
- the candidate holder for, and number of, any security of Triangle owned beneficially but not of record by such stockholder, candidate or stockholder associated person;
- whether and the extent to which such stockholder, candidate or stockholder associated person, directly or indirectly, is subject to or during the last six months has engaged in any hedging, derivative or other transaction or series of transactions or entered into any other agreement, arrangement or understanding (including any short interest, any borrowing or lending of securities or any proxy or voting agreement),

the effect or intent of which is (1) to manage risk or benefit of changes in the price of any security of Triangle or the security of any entity that was listed in the peer group in the stock performance graph in the most recent annual report to security holders of Triangle for such stockholder, candidate or stockholder associated person or (2) to increase or decrease the voting power of such stockholder, candidate or stockholder associated person of Triangle or any of its affiliates disproportionately to such person's economic interest in Triangle's securities;

- any substantial interest, direct or indirect, by security holdings or otherwise, of such stockholder, candidate or stockholder associated person, in Triangle or any of its affiliates, other than an interest arising from the ownership of any security of Triangle where such stockholder, candidate or stockholder associated person receives no extra or special benefit not shared on a pro rata basis by all other holders of the same class or series; and
- whether such stockholder believes any candidate is, or is not, an "interested person" of Triangle, as defined in the 1940 Act, and information regarding such candidate that is sufficient, in the discretion of our Board of Directors or any of its committees or any authorized officer of Triangle, to make such determination.

3. As to the stockholder giving the notice, any stockholder associated person with an interest or ownership and any candidate:

- the name and address of such stockholder, as they appear on Triangle's stock ledger, and the current name and business address, if different, of each such stockholder associated person and any candidate;
- the investment strategy or objective, if any, of such stockholder and each such stockholder associated person who is not an individual and a copy of the prospectus, offering memorandum or similar document, if any, provided to investors or potential investors in such stockholder, and each such stockholder associated person; and
- to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the candidate for election or reelection as a director or the proposal of other business on the date of such stockholder's notice.

The above procedures are a summary regarding stockholder nominations of directors in our Bylaws.

How can I obtain Triangle's Annual Report on Form 10-K?

A letter to stockholders and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which together constitute our 2012 Annual Report, are being mailed along with this proxy statement. Our 2012 Annual Report is not incorporated into this proxy statement and shall not be considered proxy solicitation material.

We will also mail to you without charge, upon written request, a copy of any specifically requested exhibit to our Annual Report on Form 10-K for the fiscal year ended December 31, 2012. Requests should be sent to: Steven C. Lilly, Corporate Secretary, Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612. A copy of our Annual Report on Form 10-K has also been filed with the SEC and may be accessed from the SEC's homepage (<http://www.sec.gov>).

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. We estimate that we will pay Alliance Advisors, LLC, our proxy solicitor, a fee of approximately \$90,000 to solicit proxies, though the costs of this proxy solicitation process could be lower or higher than our estimate. In addition to these written proxy materials, our proxy solicitor, directors and employees may also solicit proxies in person, by telephone or by other means of communication; however, our directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners and obtaining your voting instructions.

How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies.

Brokers may be householding our proxy materials by delivering a single proxy statement and 2012 Annual Report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and Annual Report, or if you are receiving multiple copies of the proxy statement and 2012 Annual Report and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you are a stockholder of record. You can notify us by sending a written request to: Steven C. Lilly, Corporate Secretary, Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612, or by calling (919) 719-4770. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the 2012 Annual Report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

Whom should I contact if I have any questions?

If you have any questions about the Annual Meeting, these proxy materials or your ownership of our common stock, please contact Steven C. Lilly c/o Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612, Telephone: (919) 719-4770, or by Fax: (919) 719-4777.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

Our Bylaws provide that our Board of Directors will consist of no less than one director and no greater than twelve directors. Currently, the number of directors is set at eight. Directors are elected for a term of one year, with each director's term of office expiring the following year. Directors serve until their successors are elected and qualified.

The current directors, Messrs. Burgess, Dunwoody, Gambill, Goldstein, Lilly, Rich, Smith and Tucker, have been nominated by our Board of Directors (upon the recommendation by our Nominating and Corporate Governance Committee) for election for a one-year term expiring in 2014. With the exception of Mr. Gambill, who was initially appointed by the Board of Directors in August of 2009, each director was initially elected as a director by the sole stockholder of the Company prior to our initial public offering in February 2007. No person being nominated as a director is being proposed for election pursuant to any agreement or understanding between us and any such person. Each director has agreed to serve as a director if elected and has consented to be named as a nominee.

A stockholder can vote for or withhold his or her vote from any or all of the nominees. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy for the election of all the nominees named below. If any of the nominees should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person or persons who are nominated as replacements. The Board of Directors has no reason to believe that any of the persons named below will be unable or unwilling to serve.**

The compensation table below sets forth compensation that our independent directors earned during the year ended December 31, 2012. Our interested directors are not compensated for their service as members of our Board of Directors.

- (1) Grant date fair value of restricted stock awards granted to each non-employee director on May 2, 2012. SEC disclosure rules require reporting of the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC, Topic 718, or FASB ASC Topic 718, Compensation – Stock Compensation.

Director Fees

For fiscal year 2012, each non-employee member of the Board of Directors was paid a \$20,000 annual cash retainer fee. Also in 2012, each of our non-employee directors earned an annual fee of \$30,000 worth of our restricted stock, calculated based on the share price of our common stock as of the close of the NYSE on May 2, 2012, the date of grant. Based on this calculation, each of our independent directors received 1,491 shares of restricted stock, which will vest on May 2, 2013. These restricted stock grants historically have occurred on the date of our annual stockholders meeting.

In addition, independent directors receive a fee of \$2,500 for each Board of Directors meeting attended in person and \$1,250 for each Board of Directors meeting attended by conference telephone or similar communications equipment; Audit Committee members receive a fee of \$1,500 for each Audit Committee meeting attended in person and \$750 for each Audit Committee meeting attended by conference telephone or similar communication equipment; and members of our Compensation Committee and Nominating and Corporate Governance Committee

receive a fee of \$1,000 for each committee meeting attended in person and \$500 for each committee meeting attended by conference telephone or similar communication equipment. Finally, our Audit Committee chairman receives an annual fee of \$20,000, our Compensation Committee chairman receives an annual fee of \$10,000 and our Nominating and Corporate Governance Committee chairman receives an annual fee of \$5,000 for their services as chairmen of their respective committees. We also reimburse our independent directors for all reasonable direct out-of-pocket expenses incurred in connection with their service on the Board of Directors. Directors who are also our employees or employees of our subsidiaries do not receive compensation for their services as directors.

Non-Employee Director Equity Compensation

On March 18, 2008, we received an order from the SEC granting exemptive relief with respect to our ability to issue restricted stock to our employees and non-employee directors pursuant to the terms of our Equity Incentive Plan. In connection with receiving the necessary exemptive relief, our Board of Directors approved the Equity Incentive Plan and our stockholders voted to approve the Equity Incentive Plan at our 2008 Annual Meeting of Stockholders.

The Equity Incentive Plan provides that our non-employee directors each receive an automatic grant of restricted stock at the beginning of each one-year term of service on the Board of Directors, for which forfeiture restrictions lapse one year from the grant date. The grant of restricted stock to non-employee directors under the Equity Incentive Plan is automatic (that is, the grants currently are equal to \$30,000 worth of restricted stock each year). If we receive stockholder approval for Proposal No. 3, we would issue annually to each of our non-employee directors, \$50,000 worth of restricted stock each year measured by the closing stock price on the date of grant. The number of shares granted pursuant to the award may not be changed without seeking exemptive relief from the SEC. Shares granted pursuant to a restricted stock award will not be transferable until such shares have vested in accordance with the terms of the award agreement, unless the transfer is by will or by the laws of descent and distribution.

EXECUTIVE OFFICERS

We do not have any executive officers who are not directors of the Company. Our executive officers, Messrs. Tucker, Burgess and Lilly, serve as directors and executive officers of the Company, as well as directors, managers and/or officers of Triangle Mezzanine Fund.

CORPORATE GOVERNANCE

Director Independence

In accordance with the NYSE's listing standards, our Board of Directors annually determines each director's independence. We do not consider a director independent unless our Board of Directors has determined that he or she has no material relationship with us. We monitor the relationships of our directors through the activities of our Nominating and Corporate Governance Committee and through a questionnaire each director completes no less frequently than annually and updates periodically if information provided in the most recent questionnaire changes.

In order to evaluate the materiality of any such relationship, the Board of Directors uses the definition of director independence set forth in the listing standards promulgated by the NYSE. Rule 303A.00 provides that a director of a business development company shall be considered to be independent if he or she is not an "interested person" of the Company, as defined in Section 2(a)(19) of the 1940 Act.

In addition, our chief compliance officer reviews, no less than quarterly, a list of each director's securities transactions and holdings in order to ensure that our directors have not entered into any transactions with, or own any interest in, companies that would cause one or more of them to be considered "interested persons" as defined in Section 2(a)(19) of the 1940 Act. For a more detailed description of these policies, please see "Certain Relationships and Related Party Transactions" herein.

The Board of Directors has determined that Messrs. Dunwoody, Gambill, Goldstein, Rich and Smith are independent and have no relationship with us, except as directors and stockholders. All of the members of our Audit

Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent as defined in Section 2(a)(19) of the 1940 Act.

Meetings of the Board of Directors and Committees

During 2012, our Board of Directors held five meetings. Our Board of Directors has established an Audit Committee, Compensation Committee and a Nominating and Corporate Governance Committee. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates pursuant to a charter, each of which is available under “Corporate Governance” on the Investor Relations section of our website at the following URL: <http://ir.tcap.com>, and is also available in print to any stockholder who requests a copy. All directors attended 100% of the aggregate number of meetings of the Board of Directors and of the respective committees on which they served.

We expect each director to make a diligent effort to attend all board and committee meetings, as well as each Annual Meeting of Stockholders. Seven of our eight directors attended our 2012 Annual Meeting of Stockholders.

We have designated Simon B. Rich, Jr. as the presiding director of all executive sessions of non-employee directors. Executive sessions of non-employee directors are held each board meeting. Interested parties, stockholders and holders of our senior notes, may communicate with Mr. Rich by writing to: Board of Directors, Triangle Capital Corporation, 3700 Glenwood Avenue, Suite 530, Raleigh, North Carolina 27612.

Audit Committee

We have a separately-designated standing Audit Committee established in accordance with Section 3(a)(58) (A) of the Exchange Act. The Audit Committee is responsible for compliance with legal and regulatory requirements, selecting our independent registered public accounting firm, reviewing the plans, scope and results of the audit engagement with our independent registered public accounting firm, approving professional services provided by our independent registered public accounting firm, reviewing the independence of our independent registered public accounting firm, reviewing the integrity of the audits of the financial statements and reviewing the adequacy of our internal accounting controls.

The Audit Committee Charter is publicly available under “Corporate Governance” on the Investor Relations section of our website at the following URL: <http://ir.tcap.com>.

The members of the Audit Committee are Messrs. Goldstein, Rich and Smith, each of whom is independent for purposes of Section 2(a)(19) of the 1940 Act and the applicable NYSE corporate governance listing standards. Mr. Goldstein serves as the chairman of the Audit Committee. Our Board of Directors has determined that Mr. Goldstein is an “audit committee financial expert” as defined under Item 407(d)(5) of Regulation S-K of the Exchange Act. Mr. Goldstein meets the current independence requirements of Rule 10A-3 of the Exchange Act, NYSE listing standards, and, in addition, is not an “interested person” of the Company, as defined in Section 2(a)(19) of the 1940 Act. Our Audit Committee held five meetings during 2012.

Compensation Committee

The Compensation Committee is appointed by the Board of Directors to discharge its responsibilities relating to the compensation of our independent directors, executive officers and other key employees. The Compensation Committee has the responsibility for recommending appropriate compensation levels for our executive officers, evaluating and approving executive officer compensation plans, policies and programs, reviewing benefit plans for executive officers and other employees and producing an annual report on executive compensation for inclusion in our proxy statement. The Compensation Committee may form and delegate any of its responsibilities to a subcommittee so long as such subcommittee is solely composed of one or more members of the Compensation Committee. The Compensation Committee Charter is available under “Corporate Governance” on the Investor Relations section of our website at the following URL: <http://ir.tcap.com>.

Members of our Compensation Committee perform the following tasks:

- review annually and approve goals and objectives relevant to our executive officers' compensation, including annual performance objectives;
- evaluate annually the performance of the chief executive officer and other executive officers, and recommend to the independent members of the Board of Directors the compensation level for each such person based on this evaluation;
- review on a periodic basis our executive compensation programs to determine whether they are properly coordinated and achieve their intended purposes;
- review and recommend to the Board of Directors for approval any changes in incentive compensation plans and equity-based compensation plans;
- review and approve all equity-based compensation plans of Triangle, whether or not final approval rests with the Company's stockholders, and review and recommend to the Board of Directors for approval, equity-based awards pursuant to such plans in compliance with the 1940 Act;
- review and approve compensation packages, including any special supplemental benefits or perquisites for our executive officers; and
- review employee compensation strategies, including salary levels and ranges and employee fringe benefits, as well as compensation consultants' analyses and various industry comparables including both public and private investment funds that operate and invest in a manner similar to the Company.

In determining executive compensation levels for our executive officers, the Compensation Committee meets at least annually with management, and may meet with independent compensation consultants, in order to determine whether current methods of executive compensation are effective in achieving Triangle's short and long-term strategies. The Compensation Committee, in conjunction with a compensation consultant if necessary, will analyze the compensation of executive officers and directors of other BDCs in order to establish the compensation levels necessary to attract and retain quality executive officers and investment professionals. In 2012, the Compensation Committee engaged McLagan, a compensation consultant, to advise the Compensation Committee on these matters. McLagan does no work for management, receives no compensation from the Company other than for its work in advising the Compensation Committee and maintains no other economic relationships with the Company or any of its affiliates. From time to time, McLagan receives input from the Company's Chief Executive Officer regarding the Company's strategic goals and the manner in which the executive compensation program should support these goals. For more information regarding the role of the Company's management in determining compensation, please see the discussion in "Compensation Discussion and Analysis — Establishing Compensation Levels — Role of the Compensation Committee and Management."

The members of the Compensation Committee are Messrs. Dunwoody, Goldstein and Smith, each of whom is independent for purposes of Section 2(a)(19) of the 1940 Act and the applicable NYSE corporate governance listing standards. Mr. Smith serves as the chairman of the Compensation Committee. Our Compensation Committee held four meetings during 2012.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for identifying, researching and nominating directors for election by our stockholders, selecting nominees to fill vacancies on our Board of Directors or a committee of the Board of Directors, developing and recommending to the Board of Directors a set of corporate governance principles and overseeing the evaluation of the Board of Directors and our management. The Nominating and Corporate Governance Committee's policy is to consider nominees properly recommended by our stockholders in accordance with our charter, Bylaws and applicable law. For more information on how our stockholders may recommend a nominee for a seat on our Board of Directors, see our answer to the question "How and when may I submit a stockholder proposal for Triangle's 2014 Annual Meeting?" under the section "Additional Information" in this proxy statement.

In considering possible candidates for nomination, the Nominating and Corporate Governance Committee will consider certain factors including whether the composition of the Board of Directors contains a majority of independent directors as determined by the NYSE standards and the 1940 Act, the candidate's character and integrity, whether the candidate possesses an inquiring mind, vision and the ability to work well with others, conflicts of interest interfering with the proper performance of the responsibilities of a director, a candidate's experience and what type of diversity he or she brings to the Board of Directors, whether the candidate has sufficient time to devote to the affairs of Triangle, including consistent attendance at Board of Directors and committee meetings and advance review of materials and whether each candidate can be trusted to act in the best interests of us and all of our stockholders.

The Nominating and Corporate Governance Committee Charter is publicly available under "Corporate Governance" on the Investor Relations section of our website at the following URL: <http://ir.tcap.com>.

The members of the Nominating and Corporate Governance Committee are Messrs. Gambill, Rich and Smith, each of whom is independent for purposes of Section 2(a)(19) of the 1940 Act and the NYSE corporate governance listing standards. Each nominee for election under Proposal No. 1 at the 2013 Annual Meeting was recommended by the members of the Nominating and Corporate Governance Committee to our Board of Directors, which approved such nominees. Mr. Rich serves as the chairman of the Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee held one meeting during 2012.

All stockholder communications received by our corporate secretary in this manner will be delivered to one or more members of the Board of Directors.

Corporate Leadership Structure

Mr. Tucker serves jointly as the Chairman of our Board of Directors and President and Chief Executive Officer. In addition, we have designated Mr. Rich as our lead independent director to preside over all executive sessions of non-employee directors. We believe that consolidating our leadership structure without an independent chairman provides an efficient and effective management model which fosters direct accountability, effective decision making and alignment of corporate strategy between our Board of Directors and management. Mr. Tucker is, and Mr. Rich is not, an "interested person" as defined in Section 2(a)(19) of the 1940 Act.

Oversight of Risk Management

On behalf of the Board of Directors, the Audit Committee oversees our enterprise risk management function. To this end, the Audit Committee meets at least annually (i) as a committee to discuss the Company's risk management guidelines, policies and exposures and (ii) with our independent auditors to review our internal control environment and other risk exposures. Additionally, on behalf of the Board of Directors, the Compensation Committee oversees the management of risks relating to our executive compensation program and other employee benefit plans. In fulfillment of its duties, the Compensation Committee reviews at least annually our executive compensation program and meets regularly with our chief executive officer to understand the financial, human resources and stockholder implications of all compensation decisions. The Audit Committee and the Compensation Committee each report to the Board of Directors on a regular basis to apprise the Board of Directors regarding the status of remediation efforts of known risks and of any new risks that may have arisen since the previous report.

Compliance Policies and Procedures

In accordance with the 1940 Act, we have adopted and implemented written policies and procedures reasonably designed to prevent violation of the U.S. federal securities laws, and we review these compliance policies and procedures annually for their adequacy and the effectiveness of their implementation. In addition, we have designated Mr. Lilly as our Chief Compliance Officer. As such, Mr. Lilly is responsible for administering our compliance program and meeting with our Board of Directors at least annually to assess its effectiveness.

Code of Business Conduct and Ethics and Corporate Governance Guidelines

We have adopted a code of business conduct and ethics and corporate governance guidelines covering ethics and business conduct. These documents apply to our directors, officers and employees. Our code of business conduct and ethics and corporate governance guidelines are available on the Investor Relations section of our website at the following URL: <http://ir.tcap.com>. We will report any material amendments to or waivers of a required provision of our code of conduct and/or corporate governance guidelines on our website and/or in a Current Report on Form 8-K.

COMPENSATION DISCUSSION AND ANALYSIS

General

In 2012, our senior management team consisted of Messrs. Tucker, Burgess and Lilly. We refer to these three officers as our named executive officers, or NEOs. Our executive compensation program is designed to encourage our executive officers to think and act like stockholders of the Company. The structure of the NEOs' compensation programs was designed to encourage and reward the following factors, among others:

- sourcing and pursuing attractively priced investment opportunities in lower middle market companies;
- achievement of the Company's dividend objectives (which focuses on stability and potential growth);
- maintaining credit quality, monitoring financial performance and ultimately managing a successful exit of the Company's investment portfolio; and
- development of management team and employees.

We completed our IPO in February 2007. As our first six years of operation as a publicly traded BDC have represented a period of constant development and growth for us, our Compensation Committee focuses on creating an executive compensation program that will effectively achieve our desired objectives stated above.

In May 2011, we held a stockholder advisory vote on the compensation of our NEOs, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our NEOs, with over 93% of stockholder votes cast in favor of our say-on-pay resolution.

Executive Compensation Policy

The compensation programs of the Company adopted by our Compensation Committee are designed with the goal of providing compensation that is fair, reasonable and competitive and are intended to align the compensation paid to our NEOs with both our short-term and long-term objectives. The key elements of our compensation philosophy include: (i) designing compensation programs that enable us to attract and retain the best talent in the financial industries in which we compete; (ii) aligning executive compensation packages with the Company's performance; and (iii) using long-term equity awards to align employee and stockholder interests.

As a BDC, we must comply with the requirements of the 1940 Act. The 1940 Act imposes certain limitations on the structure of our compensation programs, including limitations on our ability to issue certain equity-based compensation to our employees and directors. Triangle has received exemptive relief from the SEC that permits the company to grant restricted stock in exchange for or in recognition of services by its executive officers and employees. Pursuant to the Equity Incentive Plan, the Board of Directors may award shares of restricted stock to plan participants in such amounts and on such terms as the Board of Directors determines in its sole discretion, provided that such awards are consistent with the conditions set forth in the SEC's exemptive order.

Overview

Our performance-driven compensation policy consists primarily of the following three components:

- base salary;
- annual cash bonuses; and
- long-term compensation pursuant to the Equity Incentive Plan.

Other compensation components may include contributions to our 401(k) and deferred compensation plans, and health, life and disability insurance premiums paid by the Company.

We designed each NEO's compensation package to appropriately reward the NEO for his contribution to the Company. Our compensation philosophy has not historically been, and going forward will not be, a mechanical process, and our Compensation Committee will continue to use its judgment and experience, working in conjunction with our chief executive officer and, potentially, an independent compensation consultant, to determine the appropriate mix of compensation for each individual. Cash compensation consisting of base salary and discretionary cash bonuses tied to achievement of performance goals set by the Compensation Committee, such as the surpassing of certain operating thresholds related to investment performance, are intended to incentivize NEOs to remain with us in their roles and work hard to achieve our goals. Stock-based compensation in the form of restricted stock is awarded based on individual and Company performance expectations set by the Compensation Committee.

The compensation packages for our NEOs are structured to reflect what we believe to be certain best practices in corporate governance and executive compensation. For example, we currently implement the following practices with each of our NEOs:

- no executive employment agreements;
- no executive cash severance benefits;
- no guaranteed pension and supplemental retirement benefits;
- no executive perquisite allowances; and
- no tax gross-up payments.

Establishing Compensation Levels

Role of the Compensation Committee and Management

As set forth in the Compensation Committee Charter, our Compensation Committee's primary responsibility is to evaluate the compensation of our executive officers and assure that they are compensated effectively and in a manner consistent with our stated compensation objectives. The Compensation Committee also periodically reviews our corporate goals and objectives relevant to executive compensation, our executive compensation structure to ensure that it is designed to achieve the objectives of rewarding our executive officers appropriately for their contributions to corporate growth and profitability and our other goals and objectives. At least annually, the Compensation Committee will evaluate the compensation of our executive officers and determine the amounts and individual elements of total compensation for executive officers consistent with our corporate goals and objectives and will communicate to stockholders the factors and criteria on which the executive officers' compensation is based, including the relationship of our performance to the executive officers' compensation. With respect to the compensation of our executive officers other than the chief executive officer, the committee works with the chief executive officer to conduct these reviews. The committee will also periodically evaluate the terms and administration of our annual and long-term incentive plans, including equity compensation plans, to ensure that they are structured and administered in a manner consistent with our goals and objectives as to participation in such plans, target annual incentive awards, corporate financial goals, actual awards paid to executive officers and total funds allocated for payment under the compensation plans.

Assessment of Market Data

To assess the competitiveness of our executive compensation program, we developed a comparative group of both externally and internally managed BDCs and performed comprehensive analyses of competitive performance and compensation levels. In 2012, the internally managed comparative group included the following: Capital Southwest Corporation; Harris & Harris Group, Inc.; Hercules Technology Growth Capital, Inc.; KCAP Financial; Main Street Capital Corporation; MCG Capital Corporation; and Medallion Financial Corp. In 2012, the externally managed BDCs we reviewed included the following: Apollo Investment Corporation; Ares Capital Corporation; BlackRock Kelso Capital Corporation; Fidus Investment Corporation; Fifth Street Finance Corp.; Gladstone Investment Corporation; Golub Capital BDC, Inc.; Gladstone Capital Corporation; Medley Capital Corp.; New Mountain Finance Corporation; PennantPark Investment Corporation; Prospect Capital Corporation; Solar Capital Ltd.; THL Credit, Inc.; and TCP Capital Corporation. However, we do not specifically benchmark the compensation of our NEOs against that paid by other companies with publicly traded securities. This is because we believe that our primary competitors in both our business and for recruiting executives are investment banks, private equity firms, mezzanine lenders, hedge funds and other specialty finance companies, including certain specialized commercial banks. Many of these entities do not publicly report the compensation of their executive officers nor do they typically report publicly information on their corporate performance. While various salary surveys from other private sources may become available to us with regard to these private equity firms, we believe that without accurate, publicly disclosed information on these private entities that would serve as benchmarks, it is inappropriate for us to set formal benchmarking procedures.

Our analysis centered around key elements of compensation practices within the BDC industry in general and, more specifically, compensation practices at internally managed BDCs closer in asset size, typical investment size, typical investment type, market capitalization, and general business scope to our Company. Items we reviewed included, but were not necessarily limited to, base compensation, bonus compensation and restricted stock awards. In addition to actual levels of compensation, we also analyzed the approach other BDCs were taking with regard to their compensation practices. Items we reviewed included, but were not necessarily limited to, certain corporate and executive performance measures established to achieve total returns for stockholders and our “efficiency ratio” compared to other BDCs in our comparative group (which is calculated by taking total general and administrative expenses and dividing it by the company’s total revenue).

While each of the BDCs listed above is not comparable in size, scope and operations, the Compensation Committee believes that given the size and uniqueness of our industry, they were the most relevant comparable companies available with disclosed executive compensation data, and they provide a good representation of competitive compensation levels for our executives.

Assessment of Company Performance

In determining annual compensation for our NEOs, our Compensation Committee evaluates the individual performance of our NEOs as well as the Company’s overall operating performance. We believe that the alignment of (i) a company’s business plan, (ii) its stockholders expectations and (iii) its employee compensation is essential to long-term business success in the interest of our stockholders and employees. We typically make three to seven year investments in privately held businesses. Our business plan involves taking on investment risk over an extended period of time, and a premium is placed on our ability to maintain stability of net asset values and continuity of earnings to pass through to stockholders in the form of recurring dividends. Our strategy is to generate income and capital gains from our investments in the debt and equity securities of our portfolio companies. This income supports the payment of dividends to our stockholders. Therefore, a key element of our return to stockholders is in the form of current income through the payment of dividends. This recurring payout requires a methodical asset acquisition approach and active monitoring and management of our investment portfolio over time. A substantial part of our employee base is dedicated to the maintenance of asset values and expansion of this recurring revenue to support and grow dividends.

In reviewing and approving the compensation packages for our executive officers and other key employees, our Compensation Committee considers the relative achievement of the Company’s strategic and corporate

objectives, executive performance factors and the individual performance of each of our NEOs. For 2012, some of the most significant company-specific performance factors considered by the Compensation Committee include:

- total and net investment income;
- realized and unrealized gains and losses;
- overall credit performance of the investment portfolio;
- liquidity;
- operating efficiency performance;
- growth and diversification of the overall investment portfolio;
- sustaining and growing dividends and distributions to stockholders; and
- return on average stockholders' equity.

Elements of Triangle's Executive Compensation

In 2012, the compensation program was comprised primarily of the following three elements: (i) base salary, (ii) annual cash bonus and (iii) long-term equity incentive compensation. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long-term.

Annual Base Salary

The annual base salary is designed to provide a minimum, fixed level of cash compensation to our NEOs in order to attract and retain experienced executive officers who can drive the achievement of our goals and objectives. The Compensation Committee annually reviews the base salary for each of our executive officers and determines whether or not to adjust it in its sole discretion. Increases to base salary are awarded to recognize levels of responsibilities and related individual performance, and to address changes in the external competitive market for a given position.

In establishing the 2012 base salaries of the NEOs, the Compensation Committee and management considered a number of factors including the seniority of the individual, the functional role of the position, the level of the individual's responsibility, the ability to replace the individual and the base salary of the individual from the previous year. In addition, we considered the base salaries paid to comparably situated executive officers in other BDCs and other competitive market practices. Finally, we used a compensation consultant in order to obtain an objective third party expert's insight into our NEOs' base salaries.

Mr. Tucker was paid an annual base salary of \$380,000 as of December 31, 2012. Mr. Tucker's base salary recognizes his overall responsibility for the Company and his continued leadership which has enabled us to achieve our historical operational and financial objectives.

Mr. Burgess was paid an annual base salary of \$335,000 as of December 31, 2012. Mr. Burgess' base salary recognizes his lead role in managing all investment activity of the Company, including marketing, structuring, closing and monitoring portfolio company investments.

Mr. Lilly was paid an annual base salary of \$290,000 as of December 31, 2012. Mr. Lilly's base salary recognizes his lead role in managing all financial aspects of our Company, and his leadership in matters relating to our capital structure, the media and investor relations. Mr. Lilly's base salary also reflected his service as our Company's Chief Compliance Officer.

Annual Cash Bonuses

We pay annual cash bonuses to reward corporate and individual achievements for the prior fiscal year. Annual cash bonuses are based on the Compensation Committee's discretionary assessment of the Company's and the

NEO's performance, with recommendations from the chief executive officer for NEOs other than himself. While cash bonus awards are discretionary, the Compensation Committee will not award cash bonuses to our NEOs unless the Company achieves certain minimum operating thresholds during the year.

On a quarterly basis, the Compensation Committee, together with input from our chief executive officer, approves an accrual for the annual potential cash bonus pool. The determination of the accrual amount is dependent upon the Company's current financial outlook and executive performance contributing to achieving our corporate objectives, and is subject to the sole discretion of the Compensation Committee.

The Company paid cash bonuses to NEOs in recognition of both corporate and individual 2012 performance. In particular, for the year ended December 31, 2012, we achieved the following financial highlights:

- investments in 82 portfolio companies as of December 31, 2012, as compared to investments in 63 portfolio companies as of December 31, 2011;
- total investment income of \$90.4 million, representing an increase of approximately 42.6% from 2011;
- net investment income of \$57.7 million, representing an increase of approximately 42.4% from 2011;
- net investment income per share of \$2.16, representing an increase of approximately 4.3% from 2011;
- net realized gain on investments of \$6.7 million;
- improvement in the Company's operating efficiency ratio from 18.9% to 18.0%; and
- dividends and distributions during 2012 of \$2.02 per share as compared to \$1.77 per share in 2011, a 14% increase.

Mr. Tucker was paid an annual cash bonus of \$1,080,000 for 2012, which is a \$457,284 increase from his annual cash bonus for 2011. Mr. Tucker's cash bonus reflects his overall responsibility for the Company and his continued leadership in 2012, which enabled us to achieve the majority of our operational and financial objectives.

Mr. Burgess was paid an annual cash bonus of \$895,000 for 2012, which is a \$234,799 increase from his annual cash bonus for 2011. Mr. Burgess' cash bonus reflects his ability to manage the Company's investment process, including sourcing new investments, monitoring our portfolio and guiding all of the investments we made during 2012 to a successful closing on terms we believe will be favorable to the Company.

Mr. Lilly was paid an annual cash bonus of \$770,000 for 2012, which is a \$363,498 increase from his annual cash bonus for 2011. Mr. Lilly's cash bonus reflects his lead role in managing all financial aspects of our Company, including his leadership in matters relating to our capital structure, the media and investor relations. Mr. Lilly's cash bonus also reflected his service as our Chief Compliance Officer during 2012.

The Compensation Committee believes that these cash bonus awards are individually appropriate based on the Company's 2012 performance and each individual's contribution to the Company throughout 2012 as stated above. Such bonuses comprise a key component of the Company's overall compensation program.

Long-Term Incentive Compensation

General

Our Board of Directors adopted the Equity Incentive Plan in order to provide stock-based awards as incentive compensation to our employees and non-employee directors. Since our IPO, our Board of Directors has chosen to utilize shares of our restricted stock, rather than stock options or other equity-based incentive compensation, as long-term incentive compensation.

We use restricted stock awards to (i) attract and retain key employees, (ii) motivate our employees by means of performance-related incentives to achieve long-range performance goals, (iii) enable our employees to participate in our long-term growth and (iv) link our employees' compensation to the long-term interests of our stockholders. Each restricted stock award is for a fixed number of shares as set forth in an award agreement between the grantee

and us. Award agreements set forth time and/or performance vesting schedules and other appropriate terms and/or restrictions with respect to awards, including rights to dividends and voting rights.

The Compensation Committee has been delegated responsibility by our Board of Directors to review the stock-based awards to employees. At the time of each award granted to each NEO, the Compensation Committee determines the terms of the award, including the performance period (or periods) and the performance objectives relating to the award. The Compensation Committee then recommends the approval of the award to the Board of Directors.

Restricted Stock Awards

The Compensation Committee generally meets in February of each year to consider the amount of restricted stock that should be awarded to our executive officers with respect to the Company's performance for the prior year. Specific performance factors that the Compensation Committee considered in determining the granting of restricted stock in February 2012 was based on performance during 2011 and included individual employee performance objectives such as work ethic, proficiency and overall contribution to the Company during our 2011 fiscal year. On February 8, 2012, the Board of Directors, upon recommendation of the Compensation Committee, granted Messrs. Tucker, Burgess and Lilly awards of restricted stock for 44,737 shares, 39,737 shares, and 30,000 shares, respectively, that vest ratably over four years. Based on SEC rules requiring equity awards to be disclosed in the tables for the year during which they are granted, rather than earned, the executive compensation tables in this proxy statement include the restricted stock awards granted to our NEOs in February 2012, even though such awards relate to 2011 performance.

In February 2013, our Compensation Committee considered employee performance during fiscal 2012, using similar factors above, in determining the amount of restricted stock awards to recommend for each executive officer. In addition, the Compensation Committee considers each NEO's total cash compensation in relation to the proposed stock award and the effect of dilution of net asset value per share and earnings per share prior to awarding the stock grants. On February 6, 2013, the Board of Directors, upon recommendation of the Compensation Committee, approved restricted stock awards for the NEOs, as detailed below.

Mr. Tucker was awarded 48,446 shares of restricted stock in February 2013 for his performance during 2012, which is an increase of 3,709 shares of restricted stock from the previous year. The aggregate grant date fair value of the February 2013 award was \$1,379,260. This award reflects Mr. Tucker's leadership during 2012, which enabled us to achieve the majority of our operational and financial objectives. Mr. Tucker's performance during this time period was vital to our Company's success.

Mr. Burgess was awarded 41,133 shares of restricted stock in February 2013 for his performance during 2012, which is an increase of 1,396 shares of restricted stock from the previous year. The aggregate grant date fair value of the February 2013 award was \$1,171,069. This award reflects Mr. Burgess' leadership in implementing our investment strategy during 2012, including the expansion of our investment team, the deal sourcing of certain portfolio investments and guidance of each investment through our internal investment process from inception to closing.

Mr. Lilly was awarded 34,278 shares of restricted stock in February 2013 for his performance during 2012, which is an increase of 4,278 shares of restricted stock from the previous year. The aggregate grant date fair value of the February 2013 award was \$975,891. This award reflects Mr. Lilly's role in managing all financial aspects of our Company, and his leadership in matters relating to our capital structure, the media and investor relations. Mr. Lilly's restricted stock awards also reflect his continued service as our Chief Compliance Officer.

The amount of restricted stock awarded to each of our executive officers is unrelated to the number of shares we may sell below net asset value.

Options

Since our IPO, our Board of Directors has not utilized options to purchase our common stock as a form of compensation to our NEOs and other employees. As such, we did not grant any stock options to our employees in 2012.

Our Board of Directors may, however, grant our employees options to purchase our common stock (including incentive stock options and non-qualified stock options). We expect that, if granted, options will represent a fixed number of shares of our common stock, will have an exercise, or strike, price equal to the fair market value of our common stock on the date of such grant, and will be exercisable, or “vested,” at some later time after grant. Upon any stock option grant, its exercise price will not be changed absent specific SEC approval that we may do so. Some stock options granted by our Board of Directors may vest simply by the holder remaining with the Company for a period of time, and some may vest based on meeting certain performance goals. We anticipate that our options, if granted in the future, will be valued for financial reporting purposes using the Black Scholes valuation method, and charges to earnings will be taken over the relevant service period pursuant to FASB ASC Topic 718.

Other Compensation Matters

401(k) Plan

We maintain a 401(k) plan in which all full-time employees who are at least 21 years of age and have achieved 90 days of service are eligible to participate and receive certain employer contributions. Eligible employees have the opportunity to contribute their compensation on a pretax salary basis into the 401(k) plan up to \$17,500 for the plan year, and to direct the investment of these contributions. Plan participants who reach the age of 50 prior to or during the plan year are eligible to defer up to an additional \$5,500 for the plan year.

Deferred Compensation Plan

The Compensation Committee has adopted a nonqualified deferred compensation plan covering the Company’s executive officers and key employees. Any compensation deferred and the Company’s additional contributions, if any, will earn a return based on the returns on certain investments designated by the Compensation Committee. Participants will be 100% vested in any elective deferrals, and will vest in any Company contributions ratably over four years from the date of the relevant contribution.

Tax and Accounting Considerations

Section 162(m) of the Code limits our deduction for U.S. federal income tax purposes to not more than \$1 million of compensation paid to certain executive officers in a calendar year. Compensation above \$1 million may be deducted if it is “performance-based compensation” as defined in the Code and the Treasury Regulations thereunder. Our Compensation Committee has not established a policy for determining which forms of incentive compensation awarded to our executive officers should be designated to qualify as “performance-based compensation” for U.S. federal income tax purposes. To maintain flexibility in compensating our executive officers in a manner designed to promote our objectives, the Compensation Committee has not adopted a policy that requires all compensation to be deductible. However, the Compensation Committee evaluates the effects of the compensation limits of Section 162(m) of the Code on all compensation it proposes to grant, and the Compensation Committee intends to provide all executive compensation in a manner consistent with our best interests and those of our stockholders. In 2012, none of our executive officers received compensation that would exceed the \$1 million limit on deductibility under Section 162(m) of the Code.

In awarding restricted stock awards for performance in 2012, we accounted for share-based awards under the provisions of FASB ASC Topic 718. FASB ASC Topic 718 establishes accounting for stock-based awards exchanged for goods or services. Accordingly, stock-based compensation cost is measured at grant date, based on the fair value of the awards, and is recognized as an expense ratably over the requisite service period. Accounting rules also require us to record cash compensation as an expense at the time the obligation is incurred.

Conclusion

Our compensation policies are designed to fairly compensate, retain and motivate our NEOs. The retention and motivation of our NEOs should enable us to grow strategically and position ourselves competitively in the market in which we operate.

The remaining shares of restricted stock for each executive officer are expected to vest ratably in February of each year, beginning in February of 2014.

Compensation Mix

As discussed in more detail in the section of this Proxy Statement entitled “Compensation Discussion and Analysis” above, in 2012, the Company’s compensation program was comprised primarily of the following three elements: (i) base salary, (ii) annual cash bonuses and (iii) long-term equity compensation. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long-term.

In 2012, salaries comprised 14.3%, 14.5% and 15.4% of total compensation for Messrs. Tucker, Burgess and Lilly, respectively. The annual base salary of each NEO is to be determined annually at the discretion of the Compensation Committee. Moreover, in 2012, annual cash bonuses comprised 41.4%, 39.7% and 41.7% of total compensation for Messrs. Tucker, Burgess and Lilly, respectively.

Equity Incentive Plan

The restricted stock awards granted to our NEOs during 2012 that appear in the tables above and below were granted pursuant to the Equity Incentive Plan. On March 18, 2008 we received an exemptive order from the SEC authorizing such issuance of restricted stock to our employees and non-employee directors pursuant to the terms of the Equity Incentive Plan and as otherwise set forth in the exemptive order. In 2008, our Board of Directors approved, and the stockholders voted to approve, the Equity Incentive Plan. The Equity Incentive Plan originally reserved up to 900,000 shares for issuance and in 2012 our Board of Directors and stockholders voted to approve an increase in shares of common stock available for issuance under the Equity Incentive Plan by 1,500,000 shares. Thus, the equity Incentive Plan currently reserves up to 2,400,000 shares of our common stock for issuance. As of December 31, 2012, there were 1,779,552 shares available for issuance under the Equity Incentive Plan.

Participants in the Equity Incentive Plan who are employees may receive awards of options to purchase shares of common stock or grants of restricted stock, as determined by the Board of Directors. The basis of such participation is to provide incentives to our employees in order to attract and retain the services of qualified professionals.

The Equity Incentive Plan includes provisions allowing the issuance of restricted stock to all key employees consistent with such terms and conditions as the Board of Directors shall deem appropriate, subject to the limitations set forth in the plan. Restricted stock refers to an award of stock that is subject to forfeiture restrictions and may not be transferred until such restrictions have lapsed. With respect to awards issued to our employees, the Board of Directors will determine the time or times at which such shares of restricted stock will vest or the terms on which such shares will vest. Shares granted pursuant to a restricted stock award will not be transferable until such shares have vested in accordance with the terms of the award agreement, unless the transfer is by will or by the laws of descent and distribution. The Equity Incentive Plan also allows us to issue options to our key employees in the future should our Board of Directors choose to do so.

Our Board of Directors has delegated administration of the Equity Incentive Plan to our Compensation Committee, currently comprised solely of three (3) independent directors who are independent pursuant to the listing requirements of the NYSE. Our Board of Directors may abolish the Compensation Committee at any time and reconstitute in our Board of Directors the administration of the Equity Incentive Plan. Our Board of Directors administers the Equity Incentive Plan in a manner that is consistent with the applicable requirements of the NYSE and the exemptive order.

On February 8, 2012, the Board of Directors, upon recommendation of our Compensation Committee, approved grants of restricted stock awards to the Company’s executive officers as set forth above. All of these restricted shares of stock were valued at \$18.96, the closing price of our common stock on the NYSE on February 8, 2012, the grant date. The restricted share awards granted to the executive officers vest ratably over four years from this grant date.

None of these shares of restricted stock may be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered or disposed of prior to the their vesting date, and, except as otherwise determined by our Board of

Directors at or after the grant of each executive officer's award of restricted stock, any of the shares which have not fully vested will be forfeited, and all rights of the executive officer to such shares shall terminate, without further obligation on the part of the Company, unless the executive officer remains employed with us for the entire vesting period relating to the restricted stock.

In addition, in accordance with the Equity Incentive Plan and each individual award agreement, any share of the Company's stock distributed with respect to the restricted stock reflected in the table above is subject to the same ratable vesting restrictions, terms and conditions as the restricted stock awarded to each executive officer.

2012 Outstanding Equity Awards at Fiscal Year End

The following table summarizes the number of outstanding equity awards held by each of our NEOs as of December 31, 2012.

(2) Represents amounts earned for 2012 and contributed to the Executive Deferred Compensation Plan in 2013. All of the amounts shown in this column are also reported in the "All Other Compensation" column of the Summary Compensation Table for 2012.

During the first quarter of 2012, the Compensation Committee of the Board of Directors approved the Company's adoption of a non-qualified deferred compensation plan for certain senior executive officers and key employees, including the NEOs (the "Executive Deferred Compensation Plan"). The Executive Deferred Compensation Plan is an unfunded plan maintained for the purpose of providing participating executives with additional deferred compensation. Pursuant to the Executive Deferred Compensation Plan, the Company will contribute certain amounts for the benefit of the participating executives from time to time. In the future, the Company may allow participating executives to elect to contribute on a pre-tax basis up to 50% of their base salary

and up to 100% of their cash bonus. The Company may elect to match a portion of such contributions. Contributions to the Executive Deferred Compensation Plan will earn a fixed rate of return. This rate of return is currently determined to equal the rate of return of a hypothetical investment in a mutual fund providing a return equal to the S&P Total Return Index. Participants will be 100% vested in any elective deferrals, and will vest in any Company contributions ratably over four years from the date of the relevant contribution. Distributions to participants are generally payable upon termination of employment.

Potential Payments upon Termination or Change in Control

This section describes and quantifies the estimated compensation payments and benefits that would be paid to our NEOs upon the occurrence of each of the following triggering events:

- termination upon death or disability (as defined in the Equity Incentive Plan); or
- occurrence of a change in control in the Company (as defined in the Equity Incentive Plan).

Effective February 2009, as a result of the determination by our Compensation Committee that it would be in the best interests of the Company and our stockholders for the Company to operate without employment agreements, none of our employees is party to an employment agreement with the Company. The information below describes those limited instances in which our NEOs would be entitled to payments or other benefits following a termination of employment and/or upon a change in control of the Company without employment agreements. Our NEOs are “at will” employees and, except as otherwise described below, they are only entitled to payment of accrued salary and vacation time, on the same terms as provided to our other employees, upon any resignation, retirement or termination of employment, with or without cause. Except as otherwise noted below, the calculations below do not include any estimated payments for those benefits that we generally make available on the same terms to our full-time, non-executive employees.

The estimated payments below are calculated based on compensation arrangements in effect as of December 31, 2012 and assume that the triggering event occurred on such date. The estimated benefit amounts are based on a common stock price of \$25.49, which was the closing price per share of our common stock on the NYSE on December 31, 2012 and these amounts could be paid lump sum by us should the triggering event occur below. Our estimates of potential benefits are further based on the additional assumptions specifically set forth in the table below. Although these calculations are intended to provide reasonable estimates of potential compensation benefits, the estimated benefit amounts may differ from the actual amount that any individual would receive upon termination or the costs to Triangle associated with continuing certain benefits following termination of employment.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act and the disclosure requirements of Item 405 of SEC Regulation S-K require that our directors and executive officers, and any persons holding more than 10% of any class of our equity securities report their ownership of such equity securities and any subsequent changes in that ownership to the SEC, the NYSE and to us. Based solely on a review of the written statements and copies of such reports furnished to us by our executive officers, directors and greater than 10% beneficial owners, we believe that during fiscal year 2012 all Section 16(a) filing requirements applicable to the executive officers, directors and stockholders were timely satisfied except for a late Form 4 filed in 2012 relating to a purchase of shares in 2011 by Simon B. Rich, Jr.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Related Party Transactions Policy and Procedure

The Company has procedures in place for the review, approval and monitoring of transactions involving the Company and certain related persons of the Company whereby our executive officers screen each of our transactions for any possible affiliations, close or remote, between the proposed portfolio investment, us, companies controlled by us and our employees and directors. We will not enter into any agreements unless and until we are satisfied that no affiliations prohibited by the 1940 Act exist or, if such affiliations exist, we have taken appropriate actions to seek board review and approval or, when required, exemptive relief for such transaction. Our Board of Directors reviews these procedures on an annual basis. Our Audit Committee reviews and approves any transactions with related parties (as such term is defined in Item 404 of Regulation S-K).

In addition, the Company's code of business conduct and ethics, which has been approved by the Board of Directors and acknowledged in writing by all employees, requires that all employees and directors avoid any conflict, or the appearance of a conflict, between an individual's personal interests and the interests of the Company. Pursuant to the code of business conduct and ethics, each employee and director must disclose any conflicts of interest, or actions or relationships that might give rise to a conflict, to our chief compliance officer.

The Nominating and Corporate Governance Committee is charged with monitoring and making recommendations to the Board of Directors regarding policies and practices relating to corporate governance. Certain actions or relationships that might give rise to a conflict of interest are reviewed and approved by the Board of Directors.

Certain Transactions With or Involving Related Persons

During 2012, we did not enter into any transactions with related persons that would be required to be disclosed under this caption pursuant to Item 404(a) of Regulation S-K. For additional information regarding the amount of common stock owned by members of management, see "Security Ownership of Certain Beneficial Owners and Management."

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors operates under a written charter adopted by the Board of Directors, which is available on our website at the following URL: <http://ir.tcap.com>. The Audit Committee is currently comprised of Messrs. Goldstein, Rich and Smith.

The Audit Committee assists the Board of Directors in its oversight of the Company's financial reporting process and implementation and maintenance of effective controls to prevent, deter and detect fraud by management. In addition, the Audit Committee is directly responsible for the appointment, compensation and oversight of the Company's independent registered public accounting firm. Each of the members of the Audit Committee qualifies as an "independent" director in accordance with NYSE listing standards, SEC rules and our Corporate Governance Guidelines.

In overseeing the preparation of the Company's financial statements, the Audit Committee met with both management and Ernst & Young LLP, the Company's independent registered public accounting firm, to review and discuss the financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee discussed the statements with both management and Ernst & Young LLP.

The Audit Committee also is responsible for assisting the Board of Directors in the oversight of the qualification, independence and performance of the Company's independent auditor. The Audit Committee regularly meets in separate, private executive sessions with certain members of senior management and Ernst & Young LLP. The Audit Committee has discussed with Ernst & Young LLP matters required to be discussed by Statement on Auditing Standards No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board, or PCAOB. The Audit Committee has received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the PCAOB regarding Ernst & Young LLP's communications with the Audit Committee concerning independence and has discussed with Ernst & Young LLP its independence. In addition, the Audit Committee has considered whether the provision of non-audit services, and the fees charged for such services, by Ernst & Young LLP are compatible with Ernst & Young LLP maintaining its independence from the Company.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012. The Audit Committee has selected and the Board of Directors has approved the appointment of Ernst & Young LLP as the Company's independent auditor for the year ending December 31, 2013.

The foregoing report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Securities Act and/or Exchange Act.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013. Ernst & Young LLP also will serve as the independent registered public accounting firm for all of our wholly-owned subsidiaries. It is expected that a representative of Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if he or she chooses and will be available to answer appropriate questions.

Independent Registered Public Accounting Firm's Fees

We have paid or expect to pay the following fees to Ernst & Young LLP for work performed in 2011 and 2012 or attributable to the audit of our 2011 and 2012 financial statements:

	Fiscal Year Ended December 31, 2011		Fiscal Year Ended December 31, 2012
Audit Fees	\$ 567,538	(1)	\$ 633,532
Audit Related Fees	—		—
Tax Fees	61,150		61,150
Other Fees	—		—
TOTAL FEES	\$ 628,688		\$ 694,682

- (1) Includes approximately \$186,665 in audit fees related to our two public offerings of common stock which closed in 2011 and our universal shelf registration statement on Form N-2 which became effective in 2011.
- (2) Includes approximately \$172,419 in audit fees related to our two public offerings of notes and one public offering of common stock, each of which closed in 2012, and the amendments to our universal shelf registration statement on Form N-2 which became effective in 2012.

Audit Fees. Audit fees include fees for services that normally would be provided by the accountant in connection with statutory and regulatory filings or engagements and that generally only the independent accountant can provide. In addition to fees for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements in accordance with generally accepted auditing standards, this category contains fees for comfort letters, statutory audits, consents, and assistance with and review of documents filed with the SEC.

Audit Related Fees. Audit related fees are assurance related services that traditionally are performed by the independent accountant, such as attest services that are not required by statute or regulation.

Tax Fees. Tax fees include corporate and subsidiary compliance and consulting.

All Other Fees. Fees for other services would include fees for products and services other than the services reported above, including any non-audit fees.

During 2011 and 2012, 100% of our audit fees and tax fees associated with our independent registered public accounting firm were approved by our Audit Committee.

Pre-Approval Policies and Procedures

The Audit Committee has established, and our Board of Directors has approved, a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by Ernst & Young LLP, the Company's independent registered accounting firm. The policy requires that the Audit Committee pre-approve the audit and non-audit services performed by the independent registered accounting firm in order to assure that the provision of such service does not impair the firm's independence.

Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount, and cannot commence

until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered accounting firm to management.

PROPOSAL NO. 2

APPROVAL TO SELL SHARES OF COMMON STOCK OR WARRANTS, OPTIONS OR RIGHTS TO ACQUIRE COMMON STOCK BELOW NET ASSET VALUE (BOOK VALUE)

The Company is a closed-end investment company that has elected to be treated as a BDC under the 1940 Act. The 1940 Act prohibits the Company from selling shares of its common stock or warrants, options or rights to acquire its common stock at a price below the current net asset value (i.e., book value) per share of such stock, with certain exceptions. One such exception would permit the Company to sell shares of its common stock or warrants, options or rights to acquire its common stock during the next year at a price below the Company's then current net asset value per share if its stockholders approve such a sale and the Company's directors make certain determinations. Pursuant to this provision, the Company is seeking the approval of its common stockholders so that it may, in one or more public or private offerings of its common stock or warrants, options or rights to acquire its common stock, sell shares of its common stock or warrants, options or rights to acquire its common stock at a price below its then current net asset value per share, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the earlier of the anniversary of the date of this Annual Meeting or the date of the Company's 2014 Annual Meeting of Stockholders, which is expected to be held in May 2014.

Generally, equity securities sold in public securities offerings are priced based on public market prices quoted on exchanges such as NYSE, rather than net asset value, or book value, per share. Since the Company's IPO, at times the Company's common stock has traded above its net asset value per share, and at times the Company's common stock has traded below its net asset value per share. Of the Company's seven follow-on equity offerings completed since its IPO, only two were priced below the then current net asset value per share (both during 2009). At each of the Company's 2008, 2009, 2010, 2011 and 2012 Annual Meetings of Stockholders, the Company requested and received approval from its stockholders to sell its stock at a price per share below net asset value under certain circumstances. Like last year, the Company is again seeking the approval of a majority of its common stockholders of record to offer and sell shares of its common stock or warrants, options or rights to acquire its common stock at prices that, net of underwriting discount or commissions, may be less than net asset value so as to permit the flexibility in pricing that market conditions may require.

Reasons to Offer Common Stock or Warrants, Options or Rights to Acquire Common Stock Below Net Asset Value

We believe that market conditions will continue to provide opportunities to invest new capital at potentially attractive returns. During 2008 through much of 2012, U.S. credit markets, including many lending institutions, experienced significant difficulties resulting in large part from the default in payments on sub-prime residential mortgages, the re-pricing of credit risk in the broadly syndicated bank loan market, recent U.S. debt ceiling and budget deficit concerns and concerns generally about the decline in the U.S. economy and signs of deteriorating sovereign debt conditions in Europe. This contributed to significant stock price volatility for capital providers such as our Company and has made access to capital more challenging for many smaller businesses. However, the change in credit market conditions also has had beneficial effects for capital providers like us because small businesses are sometimes selling for lower prices, in certain circumstances, willing to pay higher interest rates and generally are accepting contractual terms that we believe are favorable to us. Accordingly, for firms that continue to have access to capital, we believe that the current environment could provide investment opportunities on more favorable terms than have been available in recent periods. Our ability to take advantage of these opportunities, however, is dependent upon our access to equity capital.

As a BDC and regulated investment company, or RIC, the Company is dependent on its ability to raise capital through the issuance of common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve pass-through tax treatment, which prevents the Company from using those earnings to support new investments. Further, BDCs must maintain a debt to equity ratio of less than 1:1, which requires the Company to finance its investments with at least as much equity as debt in the aggregate.

To continue to build the Company's investment portfolio, and thereby support maintenance and growth of the Company's dividends, the Company endeavors to maintain consistent access to capital through the public and private equity markets enabling it to take advantage of investment opportunities as they arise.

Since the Company's IPO in 2007, the Company's common stock has traded both at a premium and at a discount in relation to its net asset value, which is the equivalent of "book value," rather than market or publicly-traded value. The possibility that shares of our common stock will trade at a discount from net asset value or at premiums that are unsustainable over the long-term are separate and distinct from the risk that our net asset value will decrease. It is not possible to predict whether any shares of our common stock issued in the future will trade at, above, or below net asset value. The following table, reflecting the entire public trading history of our common stock since our IPO, lists the high and low sales prices for our common stock, and the sales prices as percentages of net asset values. On March 1, 2013, the record date, the last reported closing sale price of our common stock on the NYSE was \$29.71.

* Net asset value has not yet been calculated for this period

- (1) Net asset value per share is determined as of the last day in the relevant quarter and therefore may not reflect the net asset value per share on the date of the high and low sales prices. The net asset values shown are based on outstanding shares at the end of each period.
- (2) Calculated as the respective high or low sales price divided by net asset value.

The unprecedented nature of the recent credit market dislocation and uncertainty surrounding the U.S. economy led to significant stock market volatility, particularly with respect to the stock of financial services companies. During times of increased price volatility, the Company's common stock may periodically trade below its net asset value, which is not uncommon for BDCs like the Company. As noted above, however, the recent market uncertainties have created, and we believe will continue to create, favorable opportunities to invest, including opportunities that, all else being equal, may increase net asset value over the longer-term, even if financed with the issuance of common stock or warrants, options or rights to acquire common stock below net asset value, although there is no assurance that this will occur. While we had the ability to sell shares common stock and warrants, options or rights to acquire common stock below net asset value during the 2012 fiscal year, we conducted one public offering of our common stock during 2012, which we priced above net asset value and did not issue any other securities below net asset value. The Company expects that it will be periodically presented with attractive opportunities that require the Company to make an investment commitment quickly. The Company may be unable to capitalize on investment opportunities presented to it unless it is able to quickly raise capital. Stockholder approval of the proposal to sell shares of common stock or warrants, options or rights to acquire common stock below net asset value subject to the conditions detailed below will provide the Company with the flexibility to invest in such opportunities.

The Board of Directors believes that having the flexibility to issue its common stock or warrants, options or rights to acquire its common stock below net asset value in certain instances is in the best interests of stockholders. If the Company were unable to access the capital markets as attractive investment opportunities arise, the Company's ability to grow over time and continue to pay steady or increasing dividends to stockholders could be adversely affected. It could also have the effect of forcing the Company to sell assets that the Company would not otherwise sell, and such sales could occur at times that are disadvantageous to sell.

Conditions to Sales Below Net Asset Value

If this proposal is approved, the Company will only sell shares of its common stock or warrants, options or rights to acquire its common stock at a price below net asset value per share if the following conditions are met:

- a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company have determined that any such sale would be in the best interests of the Company and its stockholders; and
- a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any distributing commission or discount.

As a stockholder, you should also be aware that no conflict of interest exists as to any entity affiliated with the Company such that any such entity would receive fees as a direct result of assets under management increasing from any sale of the Company's common stock or warrants, options or rights to acquire its common stock at a price per share below net asset value. As an internally managed BDC, we do not pay asset management fees to third party investment advisors.

Finally, in determining whether or not to sell additional shares of the Company's common stock or warrants, options or rights to acquire its common stock at a price below the net asset value per share, the Board of Directors will be obligated to act in the best interests of the Company and its stockholders.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, common stockholders should consider the dilutive effect of the issuance of shares of the Company's common stock or warrants, options or rights to acquire its common stock at less than net asset value per share on the net asset value per outstanding share of common stock. Any sale of common stock or warrants, options or rights to acquire common stock at a price below

net asset value would result in an immediate dilution to existing common stockholders. Since under this proposal shares of the Company's common stock or warrants, options or rights to acquire its common stock could be issued at a price that is substantially below the net asset value per share, the dilution could be substantial. This dilution would include reduction in the net asset value per share as a result of the issuance of shares or warrants, options or rights to acquire common stock at a price below the net asset value per share and a proportionately greater decrease in a stockholder's interest in the earnings and assets of the Company and voting interest in the Company than the increase in the assets of the Company resulting from such issuance. If this Proposal No. 2 is approved, the Board of Directors of the Company may, consistent with its fiduciary duties, approve the sale of the Company's common stock or warrants, options or rights to acquire its common stock at any discount to its then-current net asset value per share; however, the Board of Directors will consider the potential dilutive effect of the issuance of shares of common stock or warrants, options or rights to acquire common stock at a price below the net asset value per share when considering whether to authorize any such issuance and will act in the best interests of the Company and its stockholders in doing so.

The 1940 Act establishes a connection between common share sale price and net asset value because, when shares of common stock or warrants, options or rights to acquire common stock are sold at a sale price below net asset value per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Further, if current stockholders of the Company do not purchase any shares to maintain their percentage interest, regardless of whether such offering is above or below the then current net asset value, their voting power will be diluted. For an illustration of the potential dilutive effect of an offering of our common stock at a price below net asset value, please see the table below under the heading "*Examples of Dilutive Effect of the Issuance of Shares Below Net Asset Value.*"

Finally, any sale of substantial amounts of our common stock or other securities in the open market may adversely affect the market price of our common stock and may adversely affect our ability to obtain future financing in the capital markets. In addition, future sales of our common stock to the public may create a potential market overhang, which is the existence of a large block of shares readily available for sale that could lead the market to discount the value of shares held by other investors. In the event we were to continue to sell our common stock at prices below net value for sustained periods of time, such offerings may result in sustained discounts in the marketplace.

Examples of Dilutive Effect of the Issuance of Shares Below Net Asset Value

The table on the following page illustrates the level of net asset value dilution that would be experienced by a nonparticipating stockholder in four different hypothetical offerings of different sizes and levels of discount from net asset value per share, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below.

The examples assume that Company XYZ has 1,000,000 shares of common stock outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current net asset value and net asset value per share are thus \$10,000,000 and \$10.00. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 50,000 shares (5% of the outstanding shares) at \$9.50 per share after offering expenses and commission (a 5% discount from net asset value), (2) an offering of 100,000 shares (10% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount from net asset value), (3) an offering of 200,000 shares (20% of the outstanding shares) at \$8.00 per share after offering expenses and commissions (a 20% discount from net asset value) and (4) an offering of 250,000 shares (25% of the outstanding shares) at \$0.01 per share after offering expenses and commissions (a 100% discount from net asset value). Because we are not limited as to the amount of discount from net asset value at which we can offer shares, the fourth example on the following table (an offering at a price of \$0.01 per share) is included, however, the Company will not offer shares at a 100% discount to net asset value. The acronym “NAV” stands for “net asset value.”

The Board of Directors recommends a vote “FOR” the proposal to authorize the Company to sell shares of its common stock or warrants, options or rights to acquire its common stock during the next year at a price below the Company’s then current net asset value (i.e., book value) per share.

Required Vote. Approval of this proposal requires the affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting which are not held by affiliated persons of the Company. For purposes of this proposal, the 1940 Act defines “a majority of the outstanding shares” as: (1) 67% or more of the voting securities present at the Annual Meeting if the holders of more than 50% of the outstanding voting securities of such company are present or represented by proxy; or (2) 50% of the outstanding voting securities of such company, whichever is the less. Abstentions will have the effect of a vote against this proposal.

PROPOSAL NO. 3

APPROVAL TO AMEND THE ANNUAL GRANT OF SHARES OF OUR COMMON STOCK TO OUR NON-EMPLOYEE DIRECTORS UNDER THE EQUITY INCENTIVE PLAN

Background and Purpose. Following the adoption of Triangle's 2007 Equity Incentive Plan in 2007, we filed a request with the SEC the same year for exemptive relief with respect to our ability to issue restricted stock to our employees and an automatic annual grant of \$30,000 in restricted stock to non-employee directors. In 2008, our Board of Directors and stockholders voted to approve the Amended and Restated 2007 Equity Incentive Plan, or the Equity Incentive Plan, and we received an order, or the Prior Order, from the SEC authorizing such issuance, subject to the condition set forth in the Prior Order as discussed below. In 2012, our Board of Directors and stockholders approved an increase in the number of shares reserved for issuance under the Equity Incentive Plan by 1,500,000 shares. The same year, we filed a request with the SEC for exemptive relief to amend our annual grant of \$30,000 in restricted stock to non-employee directors to \$50,000 worth of restricted stock to non-employee directors based on the closing stock price of our common stock on the grant date. On March 21, 2013, we received an order from the SEC, or the Revised Order, granting such exemptive relief. We refer to the annual award of restricted stock to our non-employee directors as the Annual Grant.

Proposed Amendment. Our Board of Directors is submitting to our stockholders for approval a proposal regarding an amendment to the Equity Incentive Plan to allow for each non-employee director to receive an Annual Grant of \$50,000 worth of shares of restricted common stock (based on the closing stock price of our common stock on the grant date). Our Board of Directors believes that the approval of this amendment is essential to continue our long-term stability and financial success by attracting, motivating and retaining qualified directors through the use of stock incentives. All other terms of the Equity Incentive Plan that require stockholder approval, including those that relate to restricted stock awards to our employees, would remain the same.

Subject to stockholder approval of the Equity Incentive Plan, as amended, we will be authorized to award each non-employee director an Annual Grant of restricted stock worth \$50,000. The number of shares of restricted stock awarded under the Annual Grant will be automatic. All other material terms and conditions of the Equity Incentive Plan and the Prior Order will continue to apply as currently in place. Pursuant to the Amendment, the amount of the Annual Grant will not be changed without SEC approval.

Currently, the Equity Incentive Plan provides that our non-employee directors will each receive an automatic grant of shares of Restricted Stock at the beginning of each one-year term of service on the Board of Directors, for which forfeiture restrictions will lapse one year from the grant date. Currently, the number of shares granted to each non-employee director is the equivalent of \$30,000 worth of shares taken at closing stock price of the NYSE on the date of grant. The grants of Restricted Stock to non-employee directors under the Equity Incentive Plan are automatic. Under the Equity Incentive Plan, as amended, shares granted pursuant to a restricted stock award will be subject to the same terms and continue to not be transferable until such shares have vested in accordance with the terms of the award agreement, unless the transfer is by will or by the laws of descent and distribution.

We believe the proposed amendment to increase the Annual Grant to non-employee directors under the Equity Incentive Plan will (1) help us to appropriately compensate our non-employee directors in the form of restricted stock in proportion to their responsibilities and our growth as a publicly-traded BDC and (2) allow us to remain competitive within the relevant financial services industry to attract and retain qualified non-employee directors.

Our Board of Directors, including the required majority, found that increasing the Annual Grant to each non-employee director is essential to long-term success in the investment business in general and critical to our business in particular and will have a clear and meaningful benefit to us and our stockholders. Our Board of Directors, including the required majority, also found that increasing the Annual Grant, will allow us to better align our business plan, stockholder interests and board interests based on the nature of our business as well as the characteristics of restricted stock, allowing our non-employee directors to become owners of additional stock with an interest in increasing market value of our common stock. Our Board of Directors, including the required majority, considered, among other things, the impact of the increased Annual Grant on outside stockholders, including the impact of dilution that the Equity Incentive Plan, as amended, would have with the limit on outstanding restricted

stock of 10% our outstanding shares of common stock on the effective date of the Equity Incentive Plan plus 10% of the number of our shares of common stock issued or delivered by us (other than pursuant to compensation plans) during the term of the Equity Incentive Plan. The effective date of the Equity Incentive Plan was May 7, 2008.

The following is a summary of the material features of the Equity Incentive Plan that will continue to be in effect following approval of the proposed amendment by the stockholders. It may not contain all of the information important to you. This summary is qualified in its entirety by reference to the complete text of the Equity Incentive Plan, as proposed to be amended. You are encouraged to read the entire Equity Incentive Plan, as proposed to be amended, a copy of which appears as Appendix A to this proxy statement. The only material revision to the Equity Incentive Plan is to allow for each non-employee director to receive an Annual Grant in the amount of \$50,000 worth of shares of common stock (based on the closing stock price of our common stock on the grant date).

Effective Date. If adopted by stockholders, the proposed changes to the Equity Incentive Plan relating to the non-employee director's Annual Grant will become effective immediately upon receiving stockholder approval.

Participation. The Equity Incentive Plan currently authorizes a total of 2,400,000 shares of our common stock. Participants in the Equity Incentive Plan, or the Participants, who are employees and employee directors may receive awards of options to purchase shares of common stock or grants of restricted stock, as determined by the Board of Directors. Participants who are non-employee directors may receive awards of restricted stock in accordance with certain parameters as discussed above. The basis of such participation is to provide incentives to our employees and directors in order to attract and retain the services of qualified professionals.

Options. Any options granted under the Equity Incentive Plan, or the Options, entitle the optionee, upon exercise, to purchase shares of common stock at a specified exercise price per share. Options must have a per share exercise price of no less than the fair market value of a share of stock on the date of the grant, subject to forfeiture provisions as determined by the Board of Directors. The exercise period of each stock option awarded will expire on a date determined by the Board of Directors, such date to be specified in the stock option award agreement; however, the Equity Incentive Plan also states that no stock option award will be exercisable after the expiration of ten years from the date such stock option was granted.

Restricted Stock Awards to Employees. Terms relating to restricted stock awards to our employees will remain the same under the Equity Incentive Plan. The Equity Incentive Plan permits the issuance of restricted stock to employees consistent with such terms and conditions as the Board of Directors deems appropriate, subject to the limitations set forth therein. With respect to awards issued to our employees and officers, the Board of Directors will determine the time or times at which such shares of restricted stock will vest or the terms upon which such shares will vest. Shares granted pursuant to a restricted stock award will not be transferable until such shares have vested in accordance with the terms of the award agreement, unless the transfer is by will or by the laws of descent and distribution.

Limitations on Awards. Awards under the Equity Incentive Plan will comply with all aspects of the Revised Order, including the following:

- The total number of shares that may be outstanding as restricted shares under the Equity Incentive Plan may not exceed 10% of the total number of the Company's shares of common stock authorized and outstanding at any time.
- No one person shall be granted awards of restricted stock relating to more than 25% of the shares available for issuance under the Equity Incentive Plan.
- The amount of voting securities that would result from the exercise of all our outstanding warrants, options and rights, together with any restricted stock issued pursuant to the Equity Incentive Plan, at the time of issuance shall not exceed 25% of our outstanding voting securities. Notwithstanding the immediately preceding limitation, if the amount of voting securities that would result from such exercise of all of our outstanding warrants, options and rights issued to our directors, officers and employees, together with any restricted stock issued pursuant to the Equity Incentive Plan, would exceed 15% of our outstanding voting securities, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options and rights, together with any restricted stock issued pursuant to the

Equity Incentive Plan, at the time of issuance shall not exceed 20% of our outstanding voting securities. For purposes of this condition, "outstanding voting securities" does not include restricted stock issued pursuant to the Equity Incentive Plan.

- An employee participating in the Equity Incentive Plan may not receive options to purchase in excess of 100,000 shares of the Company's common stock in any single calendar year.

Transfer/Termination Date. Unless sooner terminated by the Board of Directors, the Equity Incentive Plan will terminate on May 7, 2018, the tenth anniversary of the adoption of the Equity Incentive Plan, and no additional awards may be made under the Equity Incentive Plan after that date. The Equity Incentive Plan provides that all awards granted under such plan are subject to modification as required to ensure that such awards do not conflict with the requirements of the 1940 Act applicable to the Company.

Our Board of Directors may further modify, revise or terminate the Equity Incentive Plan at any time and from time to time, subject to the terms of (a) the Order, (b) our charter and Bylaws and (c) applicable law. Our Board of Directors will seek stockholder approval of any action modifying a provision of the Equity Incentive Plan when it is determined that such stockholder approval is required under the provisions of applicable law, our charter or Bylaws or the Order.

Administration. The Board of Directors may delegate administration of the Equity Incentive Plan to a committee or committees of three or more members of the Board of Directors. If administration is delegated to such a committee, the committee shall have, in connection with the administration of the Equity Incentive Plan, the powers theretofore possessed by the Board of Directors, including the power to delegate to a subcommittee any of the administrative powers the committee is authorized to exercise. The Board of Directors may abolish the committee at any time and revert in the Board of Directors the administration of the Equity Incentive Plan.

In the event of a consolidation, merger, stock sale, a sale of all or substantially all of the Company's assets, a dissolution or liquidation or other similar events, which events we refer to as a "change in control," all or a portion of the award will vest, become immediately exercisable or payable and have all restrictions lifted upon a change in control, unless otherwise specified in the award agreement.

Plan Benefits. Awards under the Equity Incentive Plan will continue to be granted to our Board of Directors, executive officers and other employees as determined by our Board of Directors at the time of each issuance.

The following awards of restricted stock will be made to each of our non-employee directors in 2013 pursuant to our Equity Incentive Plan, assuming our stockholders approve this Proposal No. 3:

Name	Dollar Value of Restricted Stock
W. McComb Dunwoody.....	\$ 50,000
Mark M. Gambill.....	\$ 50,000
Benjamin S. Goldstein.....	\$ 50,000
Simon B. Rich, Jr.....	\$ 50,000
Sherwood M. Smith, Jr.....	\$ 50,000
Non-Executive Director Group	\$ 250,000

U.S. Federal Income Tax Consequences. No taxable income is recognized by a Participant of the Equity Incentive Plan upon receipt of an award of common stock. However, a Participant under the Equity Incentive Plan will incur taxable income based on the closing stock price of our common stock when the forfeiture provisions on his or her award, or any portion thereof, lapse. Such taxable income will generally be recognized as ordinary income. A Participant may pay for such taxable income incurred by surrendering shares of common stock to the Company. The Order allows us to repurchase our shares of common stock pursuant to such tax settlement.

A Participant under the Equity Incentive Plan may, however, elect under Section 83(b) of the Code to include as ordinary income in the year he or she receives an award the fair market value of the award on the date of

issuance. If the Section 83(b) election is made, the Participant will not recognize any additional income as and when the forfeiture provisions lapse.

The Board of Directors recommends a vote “FOR” the proposal to amend the amount of the annual grant of shares of our common stock to non-employee directors under the Equity Incentive Plan.

Required Vote. The affirmative vote of a majority of the votes cast on the proposal is required for the approval of Proposal No. 3. In the event such approval is not obtained, the Annual Grant for non-employee directors will not be increased and shall continue in operation as it existed prior to this proposed amendment.

PROPOSAL NO. 4

APPROVAL OF BUSINESS CRITERIA FOR AWARDS PURSUANT TO SECTION 162(m) OF THE CODE

General

On March 18, 2008, we received an order from the SEC authorizing the issuance of restricted stock and other equity awards to our employees and non-employee directors pursuant to the 2007 Amended and Restated Plan, or the Equity Incentive Plan, subject to the conditions set forth in the order. Our stockholders initially approved the Equity Incentive Plan at our 2008 annual meeting and again at our 2012 annual meeting in connection with the increase of shares available under the Equity Incentive Plan. Under the Equity Incentive Plan, the Board of Directors has the authority to grant restricted stock awards to participants, including executive officers, subject to the terms and conditions set forth in the Equity Incentive Plan and the Company's exemptive order. Pursuant to Section 7.1 of the Equity Incentive Plan, restrictions on the restricted stock awards may relate to continued employment, performance or other conditions that will subject the shares to forfeiture and transfer restrictions

Currently, all outstanding awards contain only service-based vesting requirements. We are asking our stockholders to approve certain business criteria for various performance goals that our Board of Directors may use with respect to grants of restricted stock awards to executive officers under the Equity Incentive Plan to enable such awards to qualify for the "performance-based" compensation exception under Section 162(m) of the Code.

We believe that it is in the best interest of the Company and its stockholders for equity awards under the Equity Incentive Plan to be fully deductible for federal income tax purposes. To be eligible for such deductions, we must comply with Section 162(m) of the Code which limits the deductibility of compensation paid to our executive officers unless the payments satisfy the criteria set forth in Section 162(m) of the Code. Our Board of Directors and the Compensation Committee believe grants of restricted stock awards subject to one or more of the business criteria set forth below and approved by our stockholders will qualify as "performance-based" compensation under Section 162(m) of the Code.

For us to be able to fully deduct the awards paid under the Equity Incentive Plan, the material terms of the performance criteria to be used for the awards granted under the Equity Incentive Plan must be disclosed and approved by our stockholders. For purposes of Section 162(m) of the Code, the material terms of the performance criteria include (i) eligible participants, (ii) a description of the business goals on which the performance criteria can be based and (iii) the maximum award that can be paid to an employee in connection with an award granted subject to the performance goals.

Stockholder approval of this Proposal will be deemed to constitute approval of each of the material terms of the business criteria for purposes of the approval requirements of Section 162(m) of the Code.

Section 162(m) Business Criteria

Business Criteria. Our Equity Incentive Plan provides for the ability to grant awards to an employee that are subject to one or more performance conditions, the satisfaction of which is a condition for the grant, vesting or full enjoyment of an award. When granting restricted stock awards to employees under the Equity Incentive Plan, the Board of Directors may condition the vesting of such awards to achievement of one or more performance conditions based on certain business criteria (to be specified in such award agreement). Specified business criteria means, in the case of restricted stock awards with forfeiture conditions relating to performance conditions, an objectively determinable measure of performance relating to any one or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a combined basis or, as the context permits, on an individual basis or combinations thereof):

- stock price measures (including but not limited to growth measures and total stockholder return);
- total investment income;
- net investment income or net realized income measures (actual or targeted growth);
- realized and unrealized gains and losses;
- increase in net assets resulting from operations;

- overall credit performance of the investment portfolio;
- dividend and dividends per share measures, including sustaining and/or growing dividends;
- cash flow and liquidity measures;
- capital gains;
- growth and diversification of the overall investment portfolio;
- net asset value;
- asset quality, including levels of non-accrual or other challenged investments and/or investment charge-offs;
- return measures (including but not limited to return on capital employed, return on equity, return on investment and return on assets);
- operating measures, division, group or corporate financial goals (including but not limited to productivity, efficiency and scheduling measures);
- attainment of strategic and operational initiatives;
- expense targets (including but not limited to general and administrative expenses); and
- corporate value measures (including but not limited to diversity commitment and ethics compliance).

Unless otherwise stated, such a measure need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, our Compensation Committee and/or our Board of Directors may provide in the case of any Award intended to qualify for such exception that one or more of the criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events occurring during the performance period that affect the applicable criteria.

Eligibility. As provided in the Equity Incentive Plan, any officer or employee of the Company is eligible to receive grants of restricted stock awards, as determined by the Board of Directors.

Maximum Award. Subject to any other applicable limits set forth in the Equity Incentive Plan, including but not limited to those provided in Section 4 of the Equity Incentive Plan and pursuant to the Order, the maximum aggregate number of shares of the Company's common stock for which restricted stock grants (that are subject to one or more of the performance conditions above) that may be made to any person during any fiscal year shall be 100,000.

Plan Benefits. Amounts that would be awarded pursuant to this Proposal No. 4 are not currently determinable. For restricted stock awards granted to our executive officers in 2012 and 2013, please see Compensation Discussion and Analysis - Long-Term Incentive Compensation - Restricted Stock Awards above.

In order to qualify the performance-based compensation portion of these awards under Section 162(m) of the Code, we are seeking your approval of the material terms described above.

The Board of Directors recommends a vote “FOR” the proposal to approve the business criteria for awards pursuant to Section 162(m) of the Code.

Required Vote. The affirmative vote of a majority of the votes cast on the proposal is required for the approval of Proposal No. 4.

APPENDIX A
TRIANGLE CAPITAL CORPORATION
AMENDED AND RESTATED
2007 EQUITY INCENTIVE PLAN
(Effective May 7, 2008, as amended on May 2, 2012 and May __, 2013)

Section 1. Purposes.

1.1. *Generally.* This plan shall be known as the “Triangle Capital Corporation Amended and Restated 2007 Equity Incentive Plan” (the “Plan”). 3.2. *Powers of the Board.* The Board shall have the power, subject to the express provisions of the Plan and applicable law:

(a) To determine from time to time which of the persons eligible under the Plan shall be granted Awards; when and how each Award shall be granted and documented; what type or combination of types of Awards shall be granted; the provision of each Award granted, including the time or times when a Participant shall be permitted to exercise an Award; and the number of Shares with respect to which an Award shall be granted to each such Participant. Notwithstanding the foregoing powers of the Board, any grants of Awards to Non-Employee Directors under the Plan shall be automatic and shall not be changed without SEC approval, and the issuance of any Award to an Employee will be approved by the required majority, as defined in Section 57(o) of the 1940 Act, of the Company's directors on the basis that such issuance is in the best interests of the Company and its stockholders.

(b) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Award documentation, in such manner and to such extent as it shall deem necessary or expedient to make the Plan fully effective.

(c) To amend the Plan or an Award as provided in Section 13.

(d) To terminate or suspend the Plan as provided in Section 13.

(e) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan.

3.3. *Delegation to Committee.* The Board may delegate administration of the Plan to a Committee or Committees of three (3) or more members of the Board, and the term "Committee" shall apply to any persons to whom such authority has been delegated. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board, other than the Board reference at the end of this sentence and Board references in the last sentence of this Section 3.3 shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and revert in the Board the administration of the Plan.

3.4. *Effects of Board's Decision.* Determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

Section 4. Shares Available For Awards.

4.1. *Shares Available.* Subject to the provisions of Section 4.5 hereof, the stock to be subject to Awards under the Plan shall be the Shares of the Company and the maximum number of Shares with respect to which Awards may be granted under the Plan shall be 2,400,000. If, after the effective date of the Plan, any Shares covered by an Award granted under this Plan, or to which such an Award relates, are forfeited, or if such an Award is settled for cash or otherwise terminates, expires unexercised or is canceled or settled without the delivery of Shares or with the delivery of a reduced number of Shares, then the Shares covered by such Award,

or to which such Award relates, or the number of Shares otherwise counted against the aggregate number of Shares with respect to which Awards may be granted, to the extent of any such settlement, reduction, forfeiture, termination, expiration or cancellation, shall again become Shares with respect to which Awards may be granted. In the event that any Award granted hereunder is exercised through the delivery of Shares or in the event that withholding tax liabilities arising from such Award are satisfied by the withholding of Shares by the Company, the number of Shares available for Awards under the Plan shall be increased by the number of Shares so surrendered or withheld.

4.2. *Limits on Grants of Individual Awards.*

(a) No individual Participant shall be granted Options under the Plan in any calendar year that relate to more than 100,000 Shares.

(b) No individual Participant shall be granted Awards under the Plan relating to more than 25% of the Shares reserved for issuance.

4.3. *Limits on Grants of Restricted Shares.* The combined maximum amount of Restricted Shares that may be issued under the Plan will be 10% of the outstanding Shares on the Effective Date (as defined in Section 15.1 below) plus 10% of the number of Shares issued or delivered by the Company (other than pursuant to compensation plans) during the term of the Plan.

4.4. *Limits on Number of Awards.* The amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options and rights, together with any Restricted Shares issued pursuant to the Plan, at the time of issuance shall not exceed 25% of the outstanding voting securities of the Company, except that if the amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options, and rights issued to the Company's directors, officers, and employees, together with any Restricted Shares issued pursuant to the Plan, would exceed 15% of the outstanding voting securities of the Company, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options, and rights, together with any Restricted Shares issued pursuant to the Plan, at the time of issuance shall not exceed 20% of the outstanding voting securities of the Company.

4.5. *Adjustments.* In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares, then the Board shall in an equitable and proportionate manner (and, as applicable, in such manner as is consistent with Sections 422 and 409A of the Code and the regulations thereunder and with Section 162(m)) either: (i) adjust any or all of (1) the aggregate number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted under the Plan; (2) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards under the Plan, provided that the number of shares subject to any Award shall always be a whole number; (3) the grant or exercise price with respect to any Award under the Plan (but only provided that the SEC has issued an exemptive order or the SEC's staff has provided written confirmation allowing the Company to do so); and (4) the limits on the number of Shares that may be granted to Participants under the Plan in any calendar year; (ii) provide for an equivalent award in respect of securities of the surviving entity of any merger, consolidation or other transaction or event having a similar effect; or (iii) make provision for a cash payment to the holder of an outstanding Award.

4.6. *Substitute Awards.* Any Shares issued by the Company as Substitute Awards in connection with the assumption or substitution of outstanding grants from any acquired corporation shall not reduce the Shares available for Awards under the Plan.

4.7. *Sources of Shares Deliverable Under Awards.* Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or of issued Shares which have been reacquired by the Company.

4.8. *No Grants in Contravention of 1940 Act.* No Award may be granted under the Plan if the grant of such Award would cause the Company to violate Section 61(a)(3) of the Act, and, if otherwise approved for grant, shall be void and of no effect. The grants of Awards under the Plan to Non-Employee Directors shall be automatic and shall not be changed without SEC approval.

Section 5. Eligibility.

Any Employee or Director shall be eligible to be designated a Participant; provided, however, that Non-Employee Directors shall only be eligible to receive Awards of Restricted Shares granted consistent with Section 9.

Section 6. Stock Options.

6.1. *Grant.* The Board shall have sole and complete authority to determine the Participants to whom Options shall be granted, the number of Shares subject to each Award, the exercise price (subject to Section 6.2 below) and the conditions and limitations applicable to the exercise of each Option. The Board shall have the authority to grant Incentive Stock Options, and to grant Non-Qualified Stock Options. In the case of Incentive Stock Options, the terms and conditions of such grants shall be subject to and comply with Section 422 of the Code, as from time to time amended, and any regulations implementing such statute. A person who has been granted an Option under this Plan may be granted additional Options under the Plan if the Board shall so determine; provided, however, that to the extent the aggregate Fair Market Value (determined at the time the Incentive Stock Option is granted) of the Shares with respect to which all Incentive Stock Options are exercisable for the first time by an Employee during any calendar year (under all plans described in of Section 422(d) of the Code of the Employee's employer corporation and its parent and Affiliates) exceeds \$100,000, such Options shall be treated as Non-Qualified Stock Options.

6.2. *Price.* The Board in its sole discretion shall establish the Option Price at the time each Option is granted. Except in the case of Substitute Awards, the Option Price of an Option may not be less than one hundred percent (100%) of the Fair Market Value of the Shares with respect to which the Option is granted on the date of grant of such Option. Once established, the Option Price of any Option may not be changed absent an exemptive order from the SEC or written confirmation from its staff allowing the Company to do so.

6.3. *Term.* Subject to the Board's authority under Section 3.2 and the provisions of Section 6.5, each Option and all rights and obligations thereunder shall expire on the date determined by the Board and specified in the Award Agreement. The Board shall be under no duty to provide terms of like duration for Options granted under the Plan. Notwithstanding the foregoing, no Option shall be exercisable after the expiration of ten (10) years from the date such Option was granted.

6.4. *Exercise.*

(a) Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may, in its sole discretion, specify in the applicable Award Agreement or thereafter. The Board shall have full and complete authority to determine, subject to Section 6.5 herein, whether an Option will be exercisable in full at any time or from time to time during the term of the Option, or to provide for the exercise thereof in such installments, upon the occurrence of such events and at such times during the term of the Option as the Board may determine.

(b) The Board may impose such conditions with respect to the exercise of Options, including without limitation, any relating to the application of federal, state or foreign securities laws or the Code, as it may deem necessary or advisable. The exercise of any Option granted hereunder shall be effective only at such time as the sale of Shares pursuant to such exercise will not violate any state or federal securities or other laws.

(c) An Option may be exercised in whole or in part at any time, with respect to whole Shares only, within the period permitted thereunder for the exercise thereof, and shall be exercised by written notice of intent to exercise the Option, delivered to the Company at its principal office, and payment in full to the Company at the direction of the Board of the amount of the Option Price for the number of Shares with respect to which the Option is then being exercised.

(d) Payment of the Option Price shall be made in cash or cash equivalents, or, at the discretion of the Board, (i) by transfer, either actually or by attestation, to the Company of Shares that have been held by the Participant for at least six (6) months (or such lesser period as may be permitted by the Board), valued at the Fair Market Value of such Shares on the date of exercise, together with any applicable withholding taxes, such transfer to be upon such terms and conditions as determined by the Board, or (ii) by a combination of such cash (or cash equivalents) and such Shares; provided, however, that the optionee shall not be entitled to tender Shares pursuant to successive, substantially simultaneous exercises of an Option or any other stock option of the Company. Subject to applicable securities laws, an Option may also be exercised by delivering a notice of exercise of the Option and simultaneously selling the Shares thereby acquired, pursuant to a brokerage or similar agreement approved in advance by proper officers of the Company, using the proceeds of such sale as payment of the Option Price, together with any applicable withholding taxes. Until the optionee has been issued the Shares subject to such exercise, he or she shall possess no rights as a stockholder with respect to such Shares.

6.5. *Ten Percent Stock Rule.* Notwithstanding any other provisions in the Plan, if at the time an Option is otherwise to be granted pursuant to the Plan, the optionee or rights holder owns directly or indirectly (within the meaning of Section 424(d) of the Code) Shares of the Company possessing more than ten percent (10%) of the total combined voting power of all classes of Stock of the Company or its parent or Affiliate corporations (within the meaning of Section 422(b)(6) of the Code), then any Incentive Stock Option to be granted to such optionee or rights holder pursuant to the Plan shall satisfy the requirement of Section 422(c)(5) of the Code, and the Option Price shall be not less than one hundred ten percent (110%) of the Fair Market Value of the Shares of the Company, and such Option by its terms shall not be exercisable after the expiration of five (5) years from the date such Option is granted.

Section 7. Restricted Shares.

7.1. *Grant.*

(a) Subject to the provisions of the Plan and other applicable legal requirements, the Board shall have sole and complete authority to determine the Participants to whom Restricted Shares shall be granted, the number of Restricted Shares to be granted to each Participant, the duration of the period during which, and the conditions under which, the Restricted Shares may be forfeited to the Company, and the other terms and conditions of such Awards. The Restricted Share Awards shall be evidenced by Award Agreements in such form as the Board shall from time to time approve, which agreements shall comply with and be subject to the terms and conditions provided hereunder and any additional terms and conditions established by the Board that are consistent with the terms of the Plan.

(b) Each Restricted Share Award made under the Plan shall be for such number of Shares as shall be determined by the Board and set forth in the Award Agreement containing the terms of such Restricted Share Award. Such agreement shall set forth a period of time during which the grantee must remain in the continuous employment of the Company in order for the forfeiture and transfer restrictions to lapse. If the Board so determines, the restrictions may lapse during such restricted period in installments with respect to specified portions of the Shares covered by the Restricted Share Award. The Award Agreement may also, in the discretion of the Board, set forth performance or other conditions that will subject the Shares to forfeiture and transfer restrictions. The Board may, at its discretion, waive all or any part of the restrictions applicable to any or all outstanding Restricted Share Awards.

(c) Notwithstanding Sections 7.1(a) and 7.1(b) hereof, any grants of Restricted Shares to Non-Employee Directors under the Plan shall be automatic and shall not be changed without SEC approval.

7.2. *Delivery of Shares and Transfer Restrictions.* At the time of a Restricted Share Award, a certificate representing the number of Shares awarded thereunder shall be registered in the name of the grantee. Such certificate shall be held by the Company or any custodian appointed by the Company for the account of the grantee subject to the terms and conditions of the Plan, and shall bear such a legend setting forth the restrictions imposed thereon as the Board, in its discretion, may determine. The applicable Award Agreement will specify whether a grantee has the right to receive dividends with respect to the Restricted Shares prior to the lapsing of transfer restrictions. Unless otherwise provided in the applicable Award Agreement, the grantee shall have all other rights of a stockholder with respect to the Restricted Shares, including the right to vote such Shares, subject to the following restrictions: (i) the grantee shall not be entitled to delivery of the stock certificate until the expiration of the restricted period and the fulfillment of any other restrictive conditions set forth in the Award Agreement with respect to such Shares; (ii) none of the Shares may be transferred except for disposition by gift, will or the laws of descent and distribution during such restricted period or until after the fulfillment of any such other restrictive conditions; and (iii) except as otherwise determined by the Board at or after grant, all of the Shares shall be forfeited and all rights of the grantee to such Shares shall terminate, without further obligation on the part of the Company, unless the grantee remains in the continuous employment of the Company for the entire restricted period in relation to which such Shares were granted and unless any other restrictive conditions relating to the Restricted Share Award are met. Unless otherwise provided in the applicable Award Agreement, any Shares, any other securities of the Company and any other property (except for cash dividends) distributed with respect to the Shares subject to Restricted Share Awards shall be subject to the same restrictions, terms and conditions as such restricted Shares.

7.3. *Termination of Restrictions.* At the end of the restricted period and provided that any other restrictive conditions of the Restricted Share Award are met, or at such earlier time as otherwise determined by the Board, all restrictions set forth in the Award Agreement relating to the Restricted Share Award or in the Plan shall lapse as to the restricted Shares subject thereto, and a stock certificate for the appropriate number of Shares, free of the restrictions and restricted stock legend, shall be delivered to the Participant or the Participant's beneficiary or estate, as the case may be.

Section 8. Performance Awards.

8.1. *Grant.* The Board shall have sole and complete authority to determine the Employees who shall receive a Performance Award, which shall consist of a right that is (i) denominated in cash or Shares (including but not limited to Restricted Shares), (ii) valued, as determined by the Board, in accordance with the achievement of such Employees' individual performance goals during such performance periods as the Board shall establish, and (iii) payable at such time and in such form as the Board shall determine.

8.2. *Terms and Conditions.* Subject to the terms of the Plan and any applicable Award Agreement, the Board shall determine the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award and the amount and kind of any payment or transfer to be made pursuant to any Performance Award, and may amend specific provisions of the Performance Award; provided, however, that such amendment may not adversely affect existing Performance Awards made within a performance period commencing prior to implementation of the amendment.

8.3. *Payment of Performance Awards.* Performance Awards may be paid in a lump sum or in installments following the close of the performance period or, in accordance with the procedures established by the Board, on a deferred basis. Termination of employment prior to the end of any performance period, other than for reasons of death or Disability, will result in the forfeiture of the Performance Award, and no payments will be made. An employee's rights to any Performance Award may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered or disposed of in any manner, except by will or the laws of descent and distribution, and/or except as the Board may determine at or after grant.

Section 9. Non-Employee Director Awards.

9.1. Each Non-Employee Director shall receive a grant of Restricted Shares at the beginning of each one-year term of service on the Board, for which forfeiture restrictions will lapse at the end of that year. The number of Restricted Shares granted to each Non-Employee Director shall be the equivalent of \$50,000 worth of Shares based on the market value at the close of the New York Stock Exchange on the date of grant. In addition, the Board may provide that all or a portion of a Non-Employee Director's annual retainer, meeting fees and/or other awards or compensation as determined by the Board, be payable in Shares reserved under the Plan and available for issuance. The Board shall determine the terms and conditions of any such Awards, including the terms and conditions which shall apply upon a termination of the Non-Employee Director's service as a member of the Board, and shall have full power and authority in its discretion to administer such Awards, subject to the terms of the Plan and applicable law.

9.2. Subject to applicable legal requirements and Section 9.3 below, the Board may also grant Awards to Non-Employee Directors pursuant to the terms of the Plan, including any Award described in Sections 6 or 7 above.

9.3. Any grants of Awards to Non-Employee Directors under the Plan shall be automatic and shall not be changed without SEC approval.

Section 10. Provisions Applicable To Covered Officers And Performance Awards.

10.1. Notwithstanding anything in the Plan to the contrary, unless the Board determines that a Performance Award to be granted to a Covered Officer should not qualify as "performance-based compensation" for purposes of Section 162(m), Performance Awards granted to Covered Officers shall be subject to the terms and provisions of this Section 10. Accordingly, unless otherwise determined by the Board, if any provision of the Plan or any Award Agreement relating to such an Award does not comply or is inconsistent with Section 162(m), such provision shall be construed or deemed amended to the extent necessary to conform to such requirements, and no provision shall be deemed to confer upon the Board discretion to increase the amount of compensation otherwise payable to a Covered Officer in connection with any such Award upon the attainment of the performance criteria established by the Board.

10.2. With respect to any Covered Officer, the maximum annual number of Shares in respect of which all Performance Awards may be granted under Section 8 of the Plan is 100,000 and the maximum amount of all Performance Awards that are settled in cash and that may be granted under Section 8 of the Plan in any year is \$1,000,000.

10.3. To the extent necessary to comply with Section 162(m), with respect to grants of Performance Awards, no later than 90 days following the commencement of each performance period (or such other time as may be required or permitted by Section 162(m) of the Code), the Board shall, in writing, (1) select the individual performance goal or goals applicable to the performance period, (2) establish the various targets and bonus amounts which may be earned for such performance period, and (3) specify the relationship between performance goals and targets and the amounts to be earned by each Covered Officer for such performance period. Following the completion of each performance period, the Board shall certify in writing whether the applicable performance targets have been achieved and the amounts, if any, payable to Covered Officers for such performance period. In determining the amount earned by a Covered Officer for a given performance period, subject to any applicable Award Agreement, the Board shall have the right to reduce (but not increase) the amount payable at a given level of performance to take into account additional factors that the Board may deem relevant in its sole discretion to the assessment of individual performance for the performance period.

Section 11. Termination Of Employment.

The Board shall have the full power and authority to determine the terms and conditions that shall apply to any Award upon a termination of employment with the Company and Affiliates, including a

termination by the Company with or without Cause, by a Participant voluntarily, or by reason of death, Disability or Retirement, and may provide such terms and conditions in the Award Agreement or in such rules and regulations as it may prescribe.

Section 12. Change In Control.

The Board may specify in the applicable Award Agreement at or after grant, or otherwise by resolution prior to a Change in Control, that all or a portion of the outstanding Awards shall vest, become immediately exercisable or payable and have all restrictions lifted upon a Change in Control.

Section 13. Amendment And Termination.

13.1. *Amendments to the Plan.* The Board may amend, alter, suspend, discontinue or terminate the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without stockholder approval if such approval is necessary to comply with any tax or regulatory requirement.

13.2. *Amendments to Awards.* Subject to the restrictions of Section 6.2 above and Section 13.5 below, the Board may waive any conditions or rights under, amend any terms of or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted, prospectively or retroactively; provided that any such waiver, amendment, alteration, suspension, discontinuation, cancellation or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

13.3. *Adjustments of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* The Board is hereby authorized to make equitable and proportionate adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (and shall make such adjustments for events described in Section 4.5 hereof) affecting the Company or any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations or accounting principles.

13.4. *Section 409A Compliance.* No Award (or modification thereof) shall provide for deferral of compensation that does not comply with Section 409A of the Code unless the Board, at the time of grant, specifically provides that the Award is not intended to comply with Section 409A of the Code. Notwithstanding any provision of this Plan to the contrary, if one or more of the payments or benefits received or to be received by a Participant pursuant to an Award would cause the Participant to incur any additional tax or interest under Section 409A of the Code, the Board may reform such provision to maintain to the maximum extent practicable the original intent of the applicable provision without violating the provisions of Section 409A of the Code.

13.5. *Exercise Price of Awards.* Once established, the exercise price of an Award shall not be changed absent an exemptive order from the SEC or written confirmation from its staff that the Company may do so.

Section 14. General Provisions.

14.1. *Limited Transferability of Awards.* Except as otherwise provided in the Plan, no Award shall be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant, except by gift, will or the laws of descent and distribution. In addition, no transfer or disposition of an Award shall be effective to bind the Company unless the Company shall have been furnished with written notice thereof and an authenticated copy of the gift affidavit, will and/or such other evidence as the Board may deem necessary or appropriate to establish the validity of the transfer.

14.2. *Dividends.* In the sole and complete discretion of the Board, an Award may provide the Participant with dividends, payable in cash, Shares, other securities or other property on a current or deferred basis. All dividends which are not paid currently may, at the Board's discretion, accrue interest, be reinvested

into additional Shares, or, in the case of dividends credited in connection with Performance Awards, be credited as additional Performance Awards and paid to the Participant if and when, and to the extent that, payment is made pursuant to such Award. The total number of Shares available for grant under Section 4 shall not be reduced to reflect any dividends that are reinvested into additional Shares or credited as Performance Awards.

14.3. *No Rights to Awards.* No Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards need not be the same with respect to each Participant.

14.4. *Share Certificates.* All certificates for Shares or other securities of the Company or any Affiliate delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Board may deem advisable under the Plan or the rules, regulations and other requirements of the SEC or any state securities commission or regulatory authority, any stock exchange or other market upon which such Shares or other securities are then listed, and any applicable Federal or state laws, and the Board may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

14.5. *Withholding.* A Participant may be required to pay to the Company or any Affiliate and the Company or any Affiliate shall have the right and is hereby authorized to withhold from any Award, from any payment due or transfer made under any Award or under the Plan, or from any compensation or other amount owing to a Participant the amount (in cash, Shares, other securities, other Awards or other property) of any applicable withholding or other tax-related obligations in respect of an Award, its exercise or any other transaction involving an Award, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes. The Board may provide for additional cash payments to holders of Options to defray or offset any tax arising from the grant, vesting, exercise or payment of any Award.

14.6. *Award Agreements.* Each Award hereunder shall be evidenced by an Award Agreement that shall be delivered to the Participant and may specify the terms and conditions of the Award and any rules applicable thereto. In the event of a conflict between the terms of the Plan and any Award Agreement, the terms of the Plan shall prevail. The Board shall, subject to applicable law, determine the date an Award is deemed to be granted. The Board or, except to the extent prohibited under applicable law, its delegate(s) may establish the terms of agreements or other documents evidencing Awards under this Plan and may, but need not, require as a condition to any such agreement's or document's effectiveness that such agreement or document be executed by the Participant, including by electronic signature or other electronic indication of acceptance, and that such Participant agree to such further terms and conditions as specified in such agreement or document. The grant of an Award under this Plan shall not confer any rights upon the Participant holding such Award other than such terms, and subject to such conditions, as are specified in this Plan as being applicable to such type of Award (or to all Awards) or as are expressly set forth in the agreement or other document evidencing such Award.

14.7. *No Limit on Other Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other compensation arrangements, which may, but need not, provide for the grant of Options or Restricted Shares.

14.8. *No Right to Employment.* The grant of an Award shall not be construed as giving an Employee the right to be retained in the employ of the Company or any Affiliate. Further, the Company or an Affiliate may at any time dismiss an Employee from employment, free from any liability or any claim under the Plan, unless otherwise expressly provided in an Award Agreement.

14.9. *No Rights as Stockholder.* Subject to the provisions of the Plan and the applicable Award Agreement, no Participant or holder or beneficiary of any Award shall have any rights as a stockholder with respect to any Shares to be distributed under the Plan until such person has become a holder of such Shares. Notwithstanding the foregoing, in connection with each grant of Restricted Shares hereunder, the applicable

Award Agreement shall specify if and to what extent the Participant shall not be entitled to the rights of a stockholder in respect of such Restricted Shares.

14.10. *Governing Law.* The validity, construction and effect of the Plan and any rules and regulations relating to the Plan and any Award Agreement shall be determined in accordance with the laws of the State of Maryland without giving effect to conflicts of laws principles.

14.11. *Severability.* If any provision of the Plan or any Award is, or becomes, or is deemed to be invalid, illegal or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Board, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Board, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

14.12. *Other Laws.* The Board may refuse to issue or transfer any Shares or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such Shares or such other consideration might violate any applicable law or regulation (including applicable non-U.S. laws or regulations) or entitle the Company to recover the same under Exchange Act Section 16(b), and any payment tendered to the Company by a Participant, other holder or beneficiary in connection with the exercise of such Award shall be promptly refunded to the relevant Participant, holder or beneficiary.

14.13. *No Trust or Fund Created.* Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

14.14. *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Board shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

14.15. *Headings.* Headings are given to the sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

14.16. *1940 Act.* No provision of this Plan shall contravene any portion of the 1940 Act, and in the event of any conflict between the provisions of the Plan or any Award and the 1940 Act, the applicable section of the 1940 Act shall control and all Awards under the Plan shall be so modified. All Participants holding such modified Awards shall be notified of the changes to their Awards and such change shall be binding on such Participant.

Section 15. Term Of The Plan.

15.1. *Effective Date.* The Plan shall become effective upon approval by the stockholders of the Company and the Board; provided, however, that the Plan shall not be effective with respect to any Award to a Non-Employee Director or any award of Restricted Shares unless the Company has received an order from the SEC that permits such Award.

15.2. *Expiration Date.* No new Awards shall be granted under the Plan after the tenth anniversary of the Effective Date. Unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award granted hereunder may, and the authority of the Board to amend, alter, adjust, suspend, discontinue or terminate any such Award or to waive any conditions or rights under any such Award shall, continue after the tenth anniversary of the Effective Date.
